CORPORATE PROFILE

ABOUT US

Binasat Communications Berhad (“Binasat” or “the Company”) was incorporated in 2017, while its subsidiaries (collectively, the “Binasat Group” or “the Group”) include entities established as early as 2000. The Group has been providing telecommunications network support services in Malaysia since 2004.

The Group specialises in providing comprehensive support services across three (3) key telecommunications mediums in Malaysia, namely satellite, mobile and fibre optic networks. The Group serves major telecommunications operators either directly or indirectly through equipment suppliers. Our service offerings encompass Very Small Aperture Terminal (“VSAT”) Network Engineering Services, Mobile Network Engineering Services, Fibre Network Engineering Services, Satellite Hub/Teleport and Digital Satellite News Gathering (“DSNG”) Services as well as power and telecommunication infrastructure works.

Backed by more than two (2) decades of industry experience, we have built a robust operational footprint across the country with an extensive network of support centres and ground stations nationwide. This underscores the Group’s proven capability in supporting large scale infrastructure projects and delivering sustainable and enduring value to our stakeholders.

During the financial year ended 31 December 2025 (“FYE 2025”), the Group strategically diversified its business into property investment, property management, property development and construction. This initiative aims to enhance earnings stability, broaden our income base and reduce reliance on a single revenue segment, while positioning the Group to capture emerging opportunities in the property sector.

MANAGEMENT DISCUSSION & ANALYSIS

Dear Esteemed Shareholders,

On behalf of the Board of Directors (the “Board”), we hereby present the Annual Report and Audited Financial Statements of Binasat Group for the FYE 2025. Despite a challenging operating environment, our Group continued to grow its revenue while navigating margin pressures during the year. We remain committed to delivering long-term value to our stakeholders.

OVERVIEW OF OUR GROUP’S BUSINESS AND OPERATIONS

Our Group has been operating in the support services segment of the telecommunications network industry in Malaysia since 2004. We are principally involved in providing support services for the three (3) key telecommunications network mediums in Malaysia, namely satellite, mobile and fibre optic telecommunications networks. Our service offerings include VSAT Network Engineering Services, Mobile Network Engineering Services, Fibre Network Engineering Services, Satellite Hub/ Teleport Services, Digital Satellite News Gathering Services and BinaNet Satellite Internet Services. With a dedicated workforce of approximately 284 employees, we service more than 4,000 VSAT/Starlink/SD Wan/Ground stations, 52 support centres and 10,500 mobile BTS sites nationwide.

Our Group currently operates under a single reportable business segment. During FYE 2025, we embarked on a strategic diversification into property investment, property management, property development and construction, with the aim of enhancing earnings stability, broadening our income base and reducing reliance on a single segment, while capturing opportunities in the property sector.

Following shareholder approval at the Extraordinary General Meeting held on 23 April 2025, our Group proceeded with the acquisitions of three (3) properties within Sazean Business Park (“SBP”) (“SBP Properties”) and 241 units of fully furnished hotel suites at Empire City, Damansara Perdana (“Empire City Properties”). The SBP Properties are intended to be leased out upon completion to generate recurring rental income, while the Empire City Properties are expected to contribute additional income upon completion of construction and commencement of operations.

We expect these property activities to establish an additional revenue stream upon completion and commencement of operations, complementing our core telecommunications support services business and contributing positively to our Group’s long-term growth.

FINANCIAL PERFORMANCE REVIEW

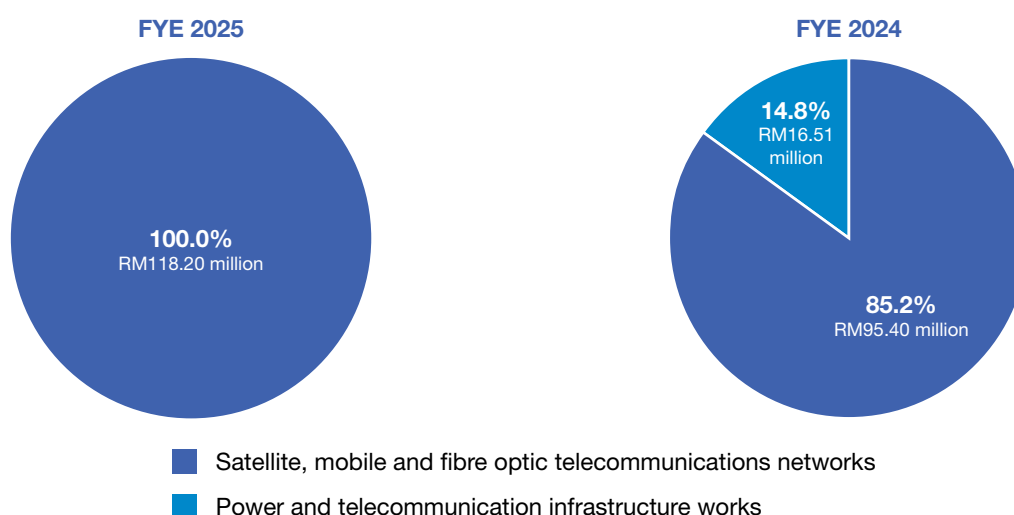

Summary of Statement of Comprehensive Income

	FYE 2025 RM'000	FYE 2024 RM'000	Variance	
			RM'000	%
Revenue	118,203	111,907	6,296	5.6
Gross Profit ("GP")	10,651	16,798	(6,147)	(36.6)
(LBT)/ PBT	(9,783)	3,373	(13,156)	(390.0)
(LAT)/ PAT	(11,201)	2,098	(13,299)	(633.9)

Key Financial Ratios

GP Margin (%)	9.0	15.0	-	(6.0)
(LBT)/ PBT Margin (%)	(8.3)	3.0	-	(11.3)
(LAT)/ PAT Margin (%)	(9.5)	1.9	-	(11.4)

Our Group's revenue by business segmentation for FYE 2025 and FYE 2024 are shown as follows:

Our Group's revenue increased by RM6.29 million or 5.6% from RM111.91 million in FYE 2024 to RM118.20 million in FYE 2025. Following the disposal of Borderless Connection Sdn Bhd during FYE 2024, our satellite, mobile and fibre optic telecommunications networks and others segment contributed 100.0% of our Group's total revenue. This segment recorded a higher revenue by RM22.80 million or 23.9% from RM95.40 million in FYE 2024 to RM118.20 million in FYE 2025, mainly due to higher projects activities during FYE 2025.

Despite the increase in our Group's revenue, our GP decreased by RM6.15 million or 36.6% from RM16.80 million in FYE 2024 to RM10.65 million in FYE 2025. Correspondingly, our GP margin declined from 15.0% in FYE 2024 to 9.0% in FYE 2025. The decrease in our GP and GP margin was primarily due to higher labour costs, increased subcontractor charges and higher material costs for fibre optic cables and other accessories, coupled with lower margin from certain contracts executed in FYE 2025.

In FYE 2025, our Group recorded a LBT of RM9.78 million and a LAT of RM11.20 million as compared to PBT of RM3.37 million and PAT of RM2.10 million in FYE 2024. This was mainly attributable to the decrease in GP as well as the impairment on other receivables amounting to RM8.02 million. By excluding non-cash expenses (impairment on other receivables, depreciation expenses, and unrealised loss on foreign exchange), our Group would have recorded an adjusted profit of approximately RM0.62 million for FYE 2025. In line with the decrease in our GP margin and the impairment on other receivables, our Group's LBT margin and LAT margin declined to 8.3% and 9.5% respectively, from PBT margin of 3.0% and PAT margin of 1.9% in FYE 2024.

Financial Ratios				
NA per share attributable to Owners of the Company (sen)	22.15	29.24	(7.09)	(24.2)
Current Ratio (times)	3.54	4.87	(1.33)	(27.3)
Gearing Ratio (times)	0.12	0.19	(0.07)	(36.8)

Our Group's total assets increased by RM30.83 million or 19.1% from RM161.59 million as at 31 December 2024 to RM192.42 million as at 31 December 2025. The increase was mainly due to the higher trade receivables and contract assets by RM26.95 million resulting from higher number of projects undertaken during FYE 2025. The increase was also partially due to an increase in other receivables, deposits and prepayments by RM12.00 million mainly attributable to partial consideration paid for the acquisitions of SBP Properties and Empire City Properties.

However, the overall increase in total assets was partially offset by the decrease of short-term investments in money market funds by RM4.74 million, mainly due to the redemption of funds to support the Group's working capital requirements and property acquisition payments and a decrease in property, plant and equipment by RM3.28 million mainly due to depreciation charged during the year.

Our Group's total liabilities increased by RM16.36 million or 40.4% from RM40.53 million as at 31 December 2024 to RM56.89 million as at 31 December 2025. The increase was primarily due to the increase in trade payables by RM22.70 million, in line with higher subcontractor and material costs arising from increased project activities during FYE 2025. However, the overall increase in total liabilities was partially offset by the decrease in borrowings by RM6.76 million, mainly arising from the net repayments of trade bills and bank overdrafts during the year.

Overall, our Group concluded the financial year with NA attributable to Owners of the Company increasing by RM13.56 million to RM133.84 million as at 31 December 2025, primarily supported by proceeds from share issuances during the year, translating to a NA per share attributable to Owners of the Company at 22.15 sen. Our Group also maintained a healthy current ratio of 3.54 times and a low gearing ratio of 0.12 times.

MANAGEMENT DISCUSSION & ANALYSIS (CONT'D)

FINANCIAL POSITION REVIEW (CONT'D)

Summary of Statement of Cash Flows

	FYE 2025 RM'000	FYE 2024 RM'000
Net cash used in operating activities	(22,571)	(30,362)
Net cash from investing activities	2,776	5,674
Net cash from financing activities	18,303	4,952
Net decrease in cash and cash equivalents ("CCE")	(1,492)	(19,736)
Effect of exchange rate changes on CCE	(8)	(4)
CCE at the beginning of the financial year	10,455	30,195
CCE at the end of the financial year	8,955	10,455

Our Group recorded a net cash used in operating activities of RM22.57 million in FYE 2025, compared to RM30.36 million in FYE 2024. The cash outflow was mainly due to an increase in receivables and contract assets, as revenue recognised from the higher number of projects undertaken during the year had not yet been fully collected as at year end. However, the cash outflow was partially offset by an increase in trade and other payables of RM24.74 million, as costs incurred from higher project activities during the year had not yet been fully settled, thereby partially preserving the Group's cash position.

In FYE 2025, our Group recorded net cash generated from investing activities amounting to RM2.78 million, primarily attributable to proceeds of RM3.00 million from disposal of an investment property during the financial year.

Our Group recorded net cash generated from financing activities of RM18.30 million in FYE 2025, mainly driven by proceeds from the issuance of shares amounting to RM25.72 million. However, the cash inflow was offset by the net repayment of term loans, hire purchase payable and lease liabilities, collectively by RM5.82 million as well as interest paid of RM1.16 million.

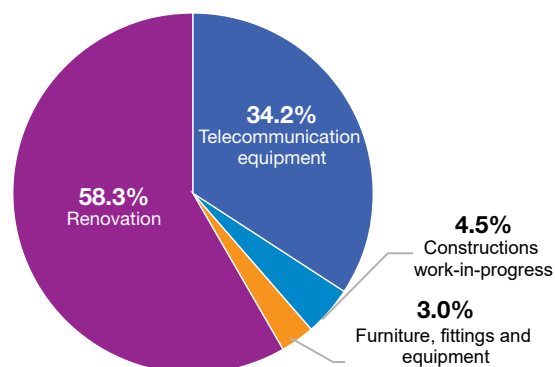

CAPITAL STRUCTURE, RESOURCES AND EXPENDITURE

As at 31 December 2025, the Company's share capital stood at RM128.14 million, comprising 604,285,839 ordinary shares with a NA per share of 22.15 sen attributable to Owners of the Company.

Our Group finances our operations through cash generated from operations, available cash and bank balances, credit extended by trade suppliers and banking facilities secured from financial institutions. Our banking facilities granted by the financial institutions include term loans, trade bills, hire purchase payables and bank overdrafts.

During FYE 2025, our Group allocated RM0.20 million for the following capital expenditure ("CAPEX"): -

CAPEX	RM'000
Renovation	116
Telecommunication equipment	68
Constructions work-in-progress	9
Furniture, fittings and equipment	6
Total	199

MANAGEMENT DISCUSSION & ANALYSIS

(CONT'D)

CAPITAL STRUCTURE, RESOURCES AND EXPENDITURE (CONT'D)

As at 31 December 2025, our Group's capital commitments are as follows: -

Capital Commitment	RM'000
Approved but not contracted for:	
- Purchase of investment properties	51,371

As at 31 December 2025, our Group's capital commitments decreased significantly from RM73.69 million in FYE 2024 to RM51.37 million. The decrease was mainly due to the progressive settlement of purchase considerations for the acquisitions of investment properties, in accordance with the agreed payment schedules.

ANTICIPATED OR KNOWN RISKS

Business Risk

Our Group's financial performance is closely linked to the level of capital spending by telecommunications operators in Malaysia, where heightened competition has moderated contract values and exerted pressure on margins. Any economic slowdown or reduction in network investment by our key customers could adversely affect our project pipeline and revenue.

To further strengthen our business resilience and broaden our revenue base, our Group has commenced a strategic diversification into property investment, property management, property development and construction, which is expected to reduce our reliance on a single segment over time.

Operational Risk

Our Group is exposed to operational risk arising from service delivery delays, non-fulfilment of contractual timeframes or inadequate performance by personnel and subcontractors. Such risks may result in cost overruns and financial exposure to liquidated damages or penalties. During FYE 2025, our Group experienced margin compression, with GP margin declining from 15.0% to 9.0%, driven by higher labour, subcontractor and material costs, coupled with lower margin from certain contracts executed in FYE 2025.

To address this risk, we deploy project management tools to monitor milestones, timelines and resource allocation, and incorporate buffer periods and contingency plans to manage unforeseen delays. Subcontractor performance is governed by clear contractual terms and service level agreements, supported by regular progress reviews to ensure timely and quality delivery. We also ensure appropriate training and certification of our personnel and subcontractors, and maintain close coordination among project managers, subcontractors and stakeholders to facilitate early resolution of issues.

Compliance Risk

Our Group is subject to various regulatory obligations to retain the necessary licenses and permits required for our operations. Any lapse in renewal or non-compliance could adversely affect operational continuity, damage our reputation and expose our Group to fines, penalties or other corporate liabilities.

To address this risk, we maintain a compliance calendar to track expiry and renewal deadlines for all licenses and permits, with designated personnel assigned to manage and coordinate the renewal process. Regular internal reviews are conducted to ensure ongoing compliance with licensing requirements and conditions, while close communication with regulatory authorities keeps us informed of any changes in licensing criteria. We also ensure timely submission of renewal applications with complete and accurate documentation.

MANAGEMENT DISCUSSION & ANALYSIS

(CONT'D)

ANTICIPATED OR KNOWN RISKS (CONT'D)

Competition Risk

Our Group operates in a competitive telecommunications industry alongside numerous network support service providers in Malaysia. The industry continues to evolve with the transition to next-generation technologies.

To address this risk, we continuously monitor market trends and assess emerging technologies and competitors, and regularly review and adjust our business strategy to respond to market shifts. During FYE 2025, we commenced a strategic migration from Ku-Band Geostationary Earth Orbit (“Ku-Band GEO”) satellite services to Starlink Low Earth Orbit (“LEO”) satellite technology for selected sites, to ensure our service offerings remain competitive and relevant. We also focus on enhancing service quality, coverage and reliability, and strengthening relationships with existing customers through tailored solutions and value-added services. In addition, we are diversifying into new business segments, including property investment, property management, property development and construction, to broaden our revenue base and reduce reliance on our core telecommunications services.

Reputational Risk

Our Group is exposed to reputational risk arising from unplanned service outages or disruptions that may affect our ability to meet customer expectations and contractual commitments, potentially eroding customer confidence and adversely impacting our standing in the market.

To address this risk, we implement continuous monitoring of our network infrastructure to proactively identify and resolve issues before they cause disruptions, and conduct regular preventive maintenance and updates to minimise the risk of unexpected failures. Incident response protocols are established to ensure quick and efficient resolution of service outages, supported by clear communication channels to promptly inform customers of any disruptions and expected resolution times. We also conduct regular staff training on incident handling and post-incident reviews to identify root causes and prevent recurrence.

FUTURE PROSPECTS AND OUTLOOK

According to GlobalData, as reported by Bernama, the telecommunications industry is projected to expand by 2.2% in 2026, driven primarily by an ongoing transition from traditional telecommunications models towards technology-focused capabilities. This transition is supported by broader investments in digital services, enterprise information and communication technology and next generation of connectivity.

The Malaysian Government has further reinforced this trajectory through initiatives such as Jalinan Digital Negara (“JENDELA”) and myDIGITAL, which aim to enhance digital infrastructure nationwide and support Malaysia’s transformation into a high-income nation focused on digitalisation and regional leadership in the digital economy. Under Budget 2026, the Malaysian Government has allocated RM780 million to JENDELA Phase 2 to support the expansion of broadband coverage across 2,700 new locations.

In addition, the Malaysian Communications and Multimedia Commission (“MCMC”) has introduced the Strategic Communications and Multimedia Technology Roadmap 2025-2030 (“MyTMAP2030”) to guide the communications and multimedia industry and promote the responsible and impactful adoption of emerging technologies. One of the key strategic thrusts in MyTMAP2030 focuses on building a robust and resilient communications infrastructure to provide nationwide digital connectivity and drive economic growth, emphasising on 5G, next-generation connectivity, broadband, satellite and smart city technologies. Key initiatives under this thrust encompass infrastructure rollout in urban and rural zones, expedited technology integration for diverse sectoral applications and improved access to high-quality, affordable internet.

MANAGEMENT DISCUSSION & ANALYSIS

(CONT'D)

FUTURE PROSPECTS AND OUTLOOK (CONT'D)

In line with the evolving telecommunications landscape, our Group undertook technology evaluation and field trial initiatives during FYE 2025 to enhance our satellite communication service capabilities. We conducted technical evaluations and field trials on LEO satellite technology, which demonstrated improved performance, reliability and service stability compared to our existing infrastructure. Consequently, we have commenced a strategic migration to LEO satellite technology for selected sites to better meet customer connectivity requirements and maintain our service competitiveness in the market.

Supported by telecommunications industry growth and the Malaysian Government's continued investment in digital infrastructure, our Group successfully secured several new contracts. These contract wins, together with our existing order book, provide a foundation for sustained revenue growth in the coming periods.

Notwithstanding the positive revenue trajectory, our Group is mindful of the margin challenges experienced during FYE 2025. The Board will continue to focus on prudent cost management, disciplined project selection and operational efficiency to improve margins and work towards restoring profitability.

In addition to strengthening the core telecommunications business, our Group is also pursuing strategic diversification through the acquisition of SBP Properties and Empire City Properties. The SBP Properties are expected to generate stable recurring rental income, while the Empire City Properties, currently under construction, are anticipated to contribute additional income upon commencement of operations.

Moving forward, we remain cautiously optimistic about the Group's prospects, underpinned by our strengthened order book, strategic diversification into property activities and continued alignment with Malaysia's digital transformation agenda. We are committed to delivering sustainable growth and long-term value for all our stakeholders.

DIVIDEND

In FYE 2025, no dividend was declared or distributed, as we continue to prioritise strengthening our core operations and executing our strategic diversification initiatives to support sustainable growth.

Our Company currently does not have any formal dividend policy. Any recommendation or declaration of dividends is at our Board's discretion and will depend on several factors, including financial performance, capital expenditure requirements, cash flow management and other factors considered relevant by our Board.

APPRECIATION

On behalf of the Board, I wish to acknowledge the unwavering support and trust of our shareholders, customers, business associates, partners, financial institutions, regulatory agencies and employees, which have been vital to our Group's progress.

I would also like to extend our heartfelt appreciation to our former Board member, Dato' Seow Thiam Fatt, for his many years of dedicated service and valuable contributions to our Group. We wish Dato' Seow Thiam Fatt a well-deserved and fulfilling retirement. Subsequent to the financial year end, Ms. Yeong Siew Lee resigned as Independent Non-Executive Director effective 9 January 2026. We convey our sincere gratitude to Ms. Yeong for her contributions during her tenure, and we wish her every success in her future endeavours.

Moving forward, we will continue to strengthen our operational and strategic initiatives, enhance our service offerings and remain focused on delivering sustainable growth and long-term value for all our stakeholders.

Thank you.

SUSTAINABILITY STATEMENT

At Binasat, we recognise that our telecommunications services play a critical role in enabling connectivity across businesses, communities and individuals. Beyond technical delivery, we see this as a responsibility to operate sustainably and contribute to long-term value creation.

To this end, we focus on strengthening business resilience, managing our environmental footprint, investing in our people, supporting communities and upholding strong ethical and governance standards. By carefully considering the economic, environmental, social and governance (“EESG”) implications of our decisions, we aim to build a resilient business that delivers lasting value for our stakeholders.

The Board is pleased to share this Sustainability Statement for the FYE 2025, which outlines our efforts and progress in addressing sustainability-related risks and opportunities within the context of EESG.

SCOPE AND REPORTING PERIOD

This Statement highlights the sustainability efforts and performances of Binasat Group for the period from 1 January 2025 to 31 December 2025, unless otherwise specified.

Our Group’s business operations involves the provision of support services for satellite, mobile and fibre optic telecommunication networks.

REPORTING BASIS AND GUIDELINES

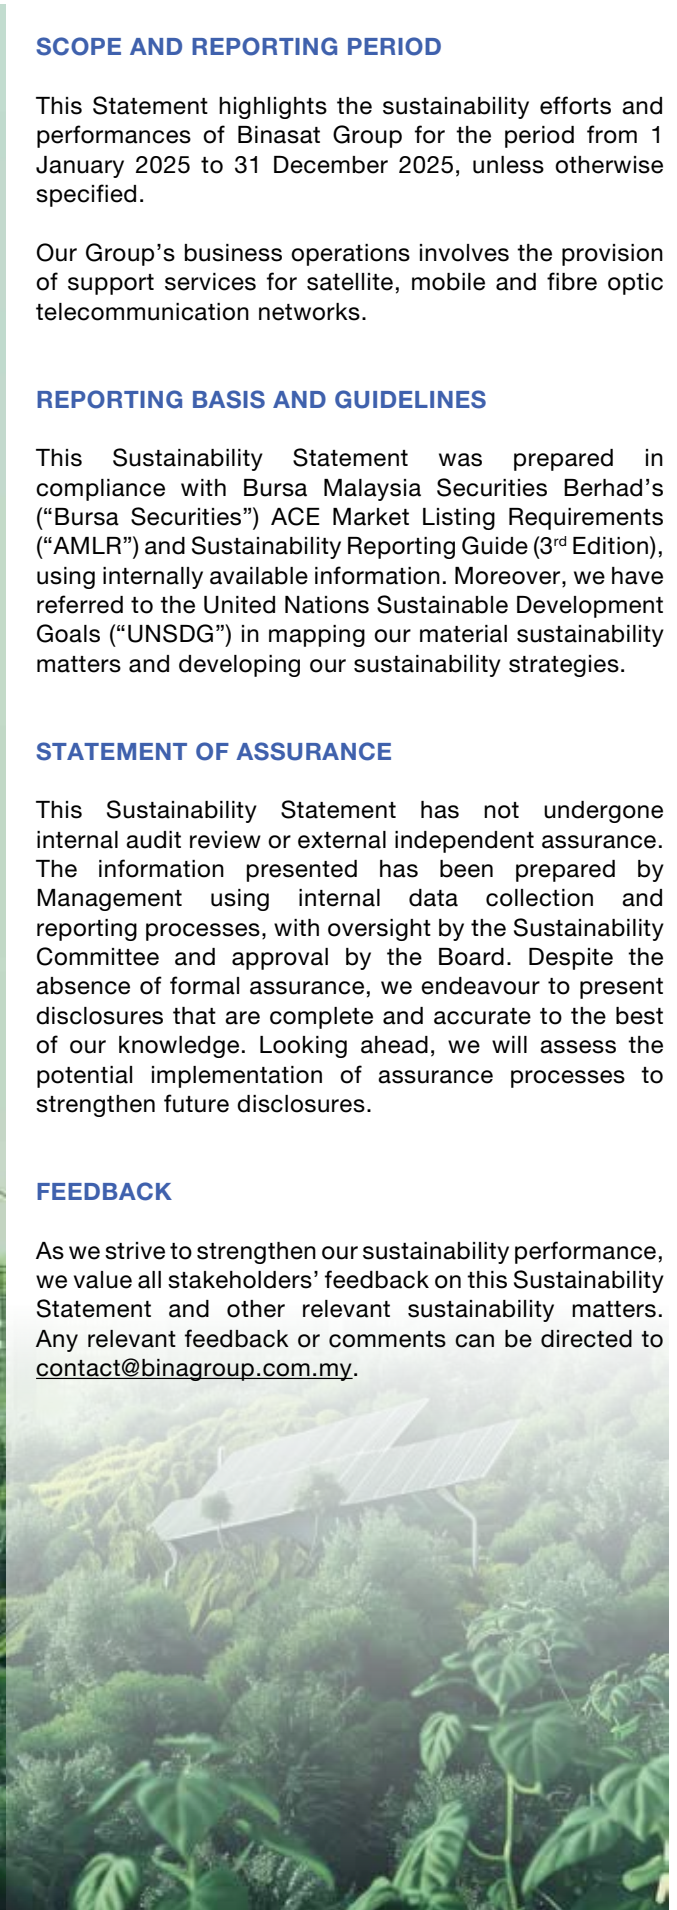

This Sustainability Statement was prepared in compliance with Bursa Malaysia Securities Berhad’s (“Bursa Securities”) ACE Market Listing Requirements (“AMLR”) and Sustainability Reporting Guide (3rd Edition), using internally available information. Moreover, we have referred to the United Nations Sustainable Development Goals (“UNSDG”) in mapping our material sustainability matters and developing our sustainability strategies.

STATEMENT OF ASSURANCE

This Sustainability Statement has not undergone internal audit review or external independent assurance. The information presented has been prepared by Management using internal data collection and reporting processes, with oversight by the Sustainability Committee and approval by the Board. Despite the absence of formal assurance, we endeavour to present disclosures that are complete and accurate to the best of our knowledge. Looking ahead, we will assess the potential implementation of assurance processes to strengthen future disclosures.

FEEDBACK

As we strive to strengthen our sustainability performance, we value all stakeholders’ feedback on this Sustainability Statement and other relevant sustainability matters. Any relevant feedback or comments can be directed to contact@binagroup.com.my.

SUSTAINABILITY GOVERNANCE STRUCTURE

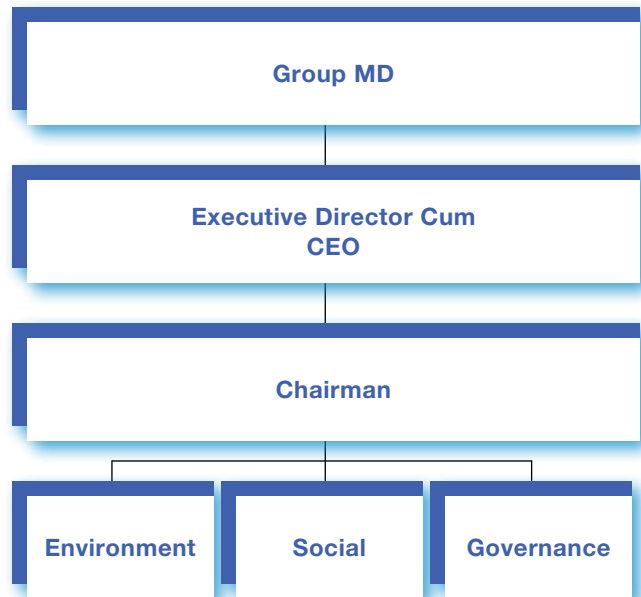

To strengthen our sustainability management, we established and adopted an Environmental, Social and Governance (“ESG”) Policy during FYE 2025, marking a significant step forward in the integrating sustainability into our core operations. This policy serves as our guiding framework, underpinned by three (3) key commitments: -

To ensure an effective implementation of our ESG Policy, we have established a governance structure that integrates accountability, compliance and sustainability performance monitoring throughout the organisation. At the top of this structure, the Board provides ultimate oversight and strategic direction over the Group’s sustainability agenda as part of its fiduciary duties.

During FYE 2025, we established a Sustainability Committee to oversee the Group’s ESG matters and drive the implementation of sustainability initiatives. The Sustainability Committee operates within a defined governance structure, reporting directly to the Executive Director cum CEO, with escalation to the Group MD where necessary. Led by a Sustainability Chairman, the committee comprises representatives from key functions across the ESG pillars, thereby supporting the effective execution across the organisation. The Sustainability Committee is responsible for monitoring ESG performance, overseeing the implementation of sustainability initiatives, ensuring compliance, conducting materiality assessment.

The governance structure described above reflects the Group’s commitment to managing its sustainability agenda with the same rigour and accountability applied to its financial and operational performance. The Board and Sustainability Committee will continue to review and enhance the Group’s ESG policies, targets and disclosures in line with evolving regulatory requirements and stakeholder expectations.

STAKEHOLDER ENGAGEMENT

Stakeholder engagement is central to how we identify and respond to sustainability matters that are most relevant to our Group. By understanding the expectations, priorities and concerns of our stakeholders, we can make informed decisions that balance diverse interests while advancing our business objectives.

We recognise that our stakeholders, from employees and customers to suppliers and communities, play vital roles in our success. Their perspectives help us identify material sustainability matters, improve our practices and strengthen relationships built on trust and transparency. Through open and continuous dialogue, we adapt our strategies to meet stakeholders' evolving needs and foster mutually beneficial partnerships. During FYE 2025, we engaged with our various stakeholders through the following approaches: -

MATERIAL MATTERS ASSESSMENT

Material Matters Assessment Process

Building on our stakeholder engagement initiatives, we conduct an annual assessment to identify, assess and prioritise the most significant sustainability matters for both the Group and our various stakeholders. In accordance with the Sustainability Reporting Guide 3rd Edition, our material matters assessment adopts a three-step process, presented as follows: -

(CONT'D)

MATERIAL MATTERS ASSESSMENT (CONT'D)

Material Matters Matrix

During FYE 2025, we reassessed the material matters identified in prior years to ensure they remain relevant to both the Group and our stakeholders. All eleven (11) material matters continue to be relevant, with importance levels ranging from “Important” to “Most Important,” as detailed below: -

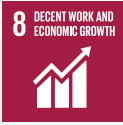

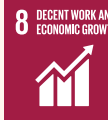

While all eleven (11) material matters remain relevant, their relative prioritisation has been updated to reflect the evolving needs of our Group and stakeholders.

SUSTAINABILITY STRATEGIES AND UNSDG MAPPING

Our sustainability strategies are designed to address the Group’s key risks and opportunities in managing both current and emerging EESG challenges. As all eleven (11) material matters remain relevant, our sustainability strategies continue to be broadly consistent with the prior year, with ongoing refinement to reflect current priorities. We have mapped our material matters and sustainability strategies with six (6) relevant UNSDGs to align our efforts with globally recognised sustainability objectives, as presented below: -

SUSTAINABLE BUSINESS GROWTH

At Binasat, we recognise that sustainable growth requires both business resilience and the ability to adapt to an evolving industry landscape. In the telecommunications sector, agility and a willingness to embrace new opportunities are essential for long-term success. To this end, we maintain a diversified business model and pursue continuous improvement to effectively navigate industry changes and deliver sustainable value.

During FYE 2025, our key business growth and expansion initiatives were as follows: -

Advancing Resilience with Strategic Expansion

In line with UNSDG Target 8.2, following the diversification strategy outlined in FYE 2024 and shareholder approval at our Extraordinary General Meeting on 23 April 2025, we expanded our principal activities to include property investment, property management, property development and construction, marking a significant step in broadening our business portfolio.

As part of this strategy, we acquired three (3) properties at SBP for RM8.34 million and 241 hotel suites at Empire City for RM73.54 million. The properties, initially held through Legacy Core Sdn Bhd (formerly known as Civispace Sdn Bhd and Binasat Properties Sdn Bhd) (“LCSB”), were subsequently novated to dedicated subsidiaries, with rights to the SBP Properties novated to BASB and Empire City Properties novated to BDSB on 25 September 2025.

This strategic diversification is expected to strengthen our business resilience by creating additional revenue streams over time while leveraging our operational expertise across complementary business areas.

Strengthening Strategic Partnership for Sustainable Growth

In September 2025, Opcom VC Sdn Bhd (“OVCSB”), a wholly-owned subsidiary of Hextar Capital Berhad (“HCB”), acquired a 9.8% stake in Binasat through share acquisitions totalling RM12.4 million, raising its equity interest to 29.8%. This strategic partnership enhances our capacity for sustainable business growth by strengthening operational capabilities, providing strategic support for expansion initiatives, and enabling us to pursue growth opportunities across our diversified business portfolio with greater institutional backing.

Strengthening Core Operations Through Strategic Contract Execution

During FYE 2025, we continued to execute significant telecommunications infrastructure contracts while securing new projects that support sustainable growth and demonstrate our expanding technical capabilities.

The RM23.76 million horizontal directional drilling project for underground cable replacement at Subang DCA – Ara Damansara and the RM46.31 million PMU Genting Kelang contract for Tenaga Nasional Berhad’s (“TNB”) 132kV underground new power cable, both secured in FYE 2024, progressed according to plan during the year and continued contributing to our Group’s financial performance while supporting Malaysia’s power transmission infrastructure.

On 18 December 2025, we accepted a RM52.46 million contract from Lembaga Dius Api for the provision of managed and secure internet services incorporating Software-Defined Wide Area Network (“SD-WAN”) over a 60-month period commencing January 2026. This contract reflects our growing capabilities in advanced network solutions beyond our traditional telecommunications infrastructure works and is expected to contribute positively to earnings over the 60-month contract period.

Future-Proofing with Continuous Innovation

As customer expectations continue to evolve, we are enhancing our technology to deliver faster and more reliable connectivity. Ku-Band GEO satellite technology has long been a key solution for providing connectivity, particularly in remote and underserved areas. Operating at an altitude of approximately 36,000 km above Earth, GEO satellites remain fixed over a specific geographic location, enabling wide coverage and consistent service availability.

Previously, our services relied on Ku-Band GEO satellite technology, which provides wide and stable coverage using satellites fixed over a single location. However, this technology typically experiences higher latency, which may affect performance for real-time applications such as video calls and browsing.

To improve service quality, we evaluated LEO satellite technology. Unlike GEO satellites, LEO satellites operate closer to Earth and more rapidly, requiring a network of multiple satellites to ensure continuous coverage. This enables significantly faster and more responsive connectivity with lower latency.

Our evaluation and field trials demonstrated clear improvements in speed, responsiveness and overall service stability. Following these positive results, we have begun migrating selected sites from Ku-Band GEO to LEO satellite technology, strengthening our service capabilities and positioning us for future growth.

QUALITY ASSURANCE

Central to the Group's long-term success are our rigorous quality management practices that meet the expectations of our customers. Guided by our Quality Policy, we are committed to delivering reliable solutions through effective cost and time management, while ensuring strict compliance with all relevant statutory and regulatory requirements.

To uphold these standards, we have implemented a comprehensive Quality Management System ("QMS"), which is overseen by our Quality Assurance Department. Our QMS framework guides our processes from project inception through to completion, with stringent quality control measures, including regular checks and compliance inspections, implemented throughout the entire project lifecycle. Each project undergoes systematic quality verifications by the Quality Assurance Department, ensuring works are carried out in accordance with approved specifications and quality requirements.

The effectiveness of our quality management practices is validated through internationally recognised certifications. We have maintained our ISO 9001:2015 certification covering the provision of satellite communication and other telecommunication engineering services (installation, testing and commissioning) through Binasat Sdn Bhd and Binasat Digital Sdn Bhd, reflecting our continued commitment to quality management excellence across the Group.

In addition to our ISO certification, we maintain active registration with the Construction Industry Development Board (“CIDB”), which validates our technical capability and contractor grading in accordance with national construction industry requirements. This registration is particularly relevant as we expand into property development and construction activities.

Beyond internal quality controls, customer feedback plays an important role in assessing the effectiveness of our quality management system and tracking our performance. We conduct comprehensive customer satisfaction surveys covering several key areas, with a rating scale of one (1) to five (5) for each aspect. The key criteria assessed are as follows:

During FYE 2025, we achieved an 71.4% customer response rate and maintained an average customer satisfaction score of 90.0% (45 out of 50 points), broadly consistent with 91.3% (45.67 out of 50 points) in FYE 2024, reflecting our sustained commitment to service quality. In addition to the structured survey ratings, we welcome our customers to share open-ended feedback and comments, helping us identify opportunities for continuous improvement.

Beyond our customer satisfaction survey, we have established a formal customer relationship management and grievance mechanism to ensure any customer concerns are addressed promptly and systematically. This structured process includes a formal complaint lodgement procedure supported by Corrective Action Requests and Preventive Action Requests. In the event that customer complaints are received, they are managed through the following structured process: -

During FYE 2025, we received zero formal customer complaints, reflecting the effectiveness of our quality management practices and our commitment to delivering reliable service to our customers.

SUPPLY CHAIN MANAGEMENT

Building on our quality assurance efforts, a resilient and reliable supply chain is essential to the Group's operational efficiency and our ability to deliver quality products and services to our customers. We recognise that our suppliers and subcontractors are important partners in our value chain as their performance directly impacts our operational performance and customer satisfaction.

Our approach to supply chain management prioritises sourcing from local suppliers and subcontractors. This strategy not only supports the development of the local economy but also strengthens our supply chain through shorter lead times and more effective communication with our partners due to geographical proximity. In line with UNSDG Target 8.1, we are pleased to report that approximately 95.0% of our purchases during FYE 2025 were made from local suppliers and subcontractors.

To maintain the stability and effectiveness of our supply chain, we take a proactive approach in evaluating all suppliers and subcontractors annually. Our assessment examines key areas, including the quality of products and services delivered, payment terms, delivery efficiency and overall service reliability. Each performance criterion is rated using three (3) categories, "Good", "Average" and "Poor", before arriving at an overall rating for each partner. This grading system provides us with a clear and consistent benchmark for evaluating supplier and subcontractor performance across our network. Based on the overall rating, suppliers and subcontractors with "Poor" performance are terminated from our approved list, ensuring we work only with partners who meet our operational standards and share our commitment to quality and reliability, thereby minimising potential disruptions across our supply chain.

During FYE 2025, we are pleased to report that all our suppliers and subcontractors met our standards and requirements. As at 31 December 2025, we maintained a total of 285 approved suppliers and subcontractors, ensuring we have a robust and stable supply chain network to support our operations.

Beyond operational performance, we integrate environmental considerations into our supply chain management. Further details on our environmental assessment of suppliers and subcontractors are set out in the Pollution and Waste Management section of this statement.

Moving forward, we remain committed to maintaining a resilient and responsible supply chain that supports our operational objectives while contributing to the local economy and upholding environmental standards.

ENVIRONMENT

POLLUTION AND WASTE MANAGEMENT

Effective pollution and waste management is integral to our approach to environmental stewardship. As a telecommunications infrastructure provider, we acknowledge that our operations carry environmental responsibilities that require structured oversight and proactive management. Guided by our ESG Policy, we prioritise full compliance with applicable environmental laws and regulatory requirements, including the Environmental Quality Act 1974, while continuously improving operational practices to reduce our ecological footprint.

SUSTAINABILITY STATEMENT

(CONT'D)

ENVIRONMENT

POLLUTION AND WASTE MANAGEMENT (CONT'D)

To ensure effective implementation, we identify and assess environmental risks through our Environmental Aspect and Impact Assessment (“EAIA”), with the Sustainability Committee overseeing environmental performance and reporting to Management. As part of this assessment, we evaluate selected suppliers and subcontractors to identify potential environmental impacts related to resource usage, waste management and pollution risks. Our environmental expectations are communicated through induction programmes, briefings and training sessions, reinforcing awareness of environmental responsibilities across all levels of our operations and supply chain. During FYE 2025, no significant environmental non-compliance was identified among the suppliers and subcontractors assessed.

Pollution Management

As part of our commitment to minimising our environmental footprint, we track our greenhouse gas (“GHG”) emissions to better understand and manage our climate impact. Our GHG emissions cover Scope 1 emissions, which are contributed from fuel consumption, as well as Scope 2 emissions generated from purchased electricity. During FYE 2025, our Scope 1 and Scope 2 GHG emissions were as follows: -

	FYE 2025 (tCO ₂ e)	FYE 2024 (tCO ₂ e)
Scope 1 Direct GHG emissions	414.60	523.47
Scope 2 Indirect GHG emissions	311.50	293.96
Total	726.10	817.43

During FYE 2025, our total emissions decreased by 11.2% to 726.10 tCO₂e from 817.43 tCO₂e in FYE 2024, primarily driven by a 20.8% reduction in Scope 1 emissions, attributable to improvements in logistics and transportation efficiency, project continuity, variation in travel distances to project sites, and increased adoption of virtual meetings and remote troubleshooting. This was partially offset by a 6.0% increase in Scope 2 emissions, resulting from a TNB power cable fault that has curtailed on-site solar generation since August 2025, leading to greater reliance on grid electricity.

To sustain this positive trend, we have implemented several measures to reduce Scope 1 emissions from our operations: -

- Promote shared transportation and carpooling for site visits and client meetings to minimise vehicle emissions.
- Utilise online meeting platforms and virtual communication tools for internal meetings, training sessions, briefings and site inspections to reduce travel requirements and improve operational efficiency.

Separately, recognising the environmental risks associated with refrigerant handling, we ensure that employees whose roles involve the handling of refrigerants are certified in accordance with the Environmental Quality (Refrigerant Management) Regulations 2020. Subsequent to the financial reporting period, in January 2026, 13 employees attended the Certificate of Service Technician Program - Refrigerant and Air-Conditioning training. This mandatory certification strengthens technical competency in the proper handling, recovery and prevention of refrigerant emissions, thereby supporting regulatory compliance and mitigating environmental impact.

SUSTAINABILITY STATEMENT

POLLUTION AND WASTE MANAGEMENT (CONT'D)

Waste Management

At Binasat, we are committed to minimising pollution and managing waste effectively across our operations. Non-hazardous waste generated from our office activities, primarily paper and plastic, is managed through appointed waste contractors in accordance with applicable local requirements.

In line with UNSDG Target 12.5, we implemented Reduce, Reuse and Recycle (“3R”) initiatives in our daily operations, including: -

Reduce

- Minimise paper usage through double-sided printing and limit printing to essential documents.
- Promote the use of reusable cups, bottles and containers to minimise reliance on single-use items.
- Reduce unnecessary packaging through mindful procurement and proper storage practices.

Reuse

- Reuse boxes, cartons and packaging materials for internal storage and logistics where feasible.
- Continue using office equipment and supplies that remain functional to avoid unnecessary replacement.

Recycle

- Provide clearly labelled recycling bins for paper and plastic at selected locations.
- Encourage basic waste segregation at source.

Through our collective effort to manage pollution and waste, we have maintained compliance with relevant environmental laws and regulations throughout the year, with no material non-compliances, fines or penalties. Moving forward, we remain focused on exploring measures to reduce our environmental footprint across our operations.

ENERGY AND WATER MANAGEMENT

Guided by our ESG Policy, we prioritise responsible energy and water management across our operations to minimise environmental impact and support long-term sustainability.

Our approach to energy and water management is as follows: -

Energy Management

In alignment with UNSDG Target 12.2, we have implemented various energy conservation measures throughout our office premises to improve energy efficiency and reduce wastage.

Our energy efficiency initiatives include: -

- Maximise natural sunlight usage in perimeter office areas, supported by window blinds and tinted glazing to minimize heat gain during peak afternoon hours, reducing reliance on artificial lighting;
- Adopt high-efficiency electrical, plumbing, heating, ventilation and air conditioning ("HVAC") and other systems in our office building to optimise energy usage;
- Standardise air conditioning thermostat settings between 22°C and 24°C to optimize cooling loads while maintaining comfortable working conditions;
- Install Passive Infrared (PIR) motion sensors and automated timers in common areas such as reception, corridors and toilets to eliminate unnecessary lighting during non-peak hours;
- Replace all conventional lighting with energy-efficient LED fixtures across the entire office building and common areas to reduce electricity demand;

SUSTAINABILITY STATEMENT

(CONT'D)

ENVIRONMENT

ENERGY AND WATER MANAGEMENT (CONT'D)

Energy Management (Cont'd)

Our energy efficiency initiatives include: - (Cont'd)

- Enforce a strict "switch-off" policy requiring employees to turn off lights and air conditioning systems and unplug non-essential electrical equipment when not in use; and
- Ensure that doors and windows are kept closed when the air conditioning system is operating to improve energy efficiency.

To complement our conservation efforts, we have invested in renewable energy generation. In line with UNSDG Target 7.2, solar panels installed at our office building provide clean electricity that offsets our grid consumption.

TARGET 7-2

INCREASE GLOBAL PERCENTAGE OF RENEWABLE ENERGY

During FYE 2025, our solar panels generated 227,475 kWh of electricity, representing a 27.4% decrease from 313,444 kWh in FYE 2024. This decline is primarily attributable to the TNB power supply disruption referenced above. As the solar system operates on an on-grid basis, the disruption to TNB supply halted solar generation from August 2025 onwards. Of the electricity generated, 164,621 kWh was consumed on-site to power our operations, while 62,854 kWh was exported to Energy Commission under the Net Energy Metering scheme. This solar energy consumption contributed electricity cost savings of RM12,622, demonstrating the economic and environmental benefits of renewable energy investments.

Our total electricity consumption for FYE 2025 comprised grid electricity purchased from TNB and solar energy consumed on-site: -

	FYE 2025 (kWh)	FYE 2024 (kWh)
Grid electricity (TNB)	402,457	379,793
On-grid solar energy consumption	164,621	199,031
Total consumption	567,078	578,824

The total grid electricity consumption decreased by 2.0% to 567,078 kWh in FYE 2025. This was driven by a 17.3% reduction in on-grid solar energy consumption to 164,621 kWh, partially offset by a 6.0% increase in grid electricity consumption to 402,457 kWh. Both movements are attributable to the same TNB power supply cable fault, which has disrupted solar generation since August 2025. As the solar system operates on an on-grid basis, the cable fault simultaneously reduced solar energy generation and necessitated greater reliance on grid electricity.

Water Management

Aligned with UNSDG Target 6.4, we have implemented water conservation measures across our office premises to reduce consumption and prevent wastage. These initiatives include: -

- Installation of automated sensor taps in all our office washrooms to minimise unnecessary water wastage;
- Implementation of a rainwater harvesting system to collect rainwater for non-potable uses, including landscape irrigation and cleaning of refuse chambers.
- Installation of automated irrigation timers for landscaping activities to ensure precise watering schedules and to prevent over-watering, particularly during rainy periods; and
- Standardisation of toilet facilities equipped with dual-flush mechanisms to reduce water usage per flush.

TARGET 6-4

INCREASE WATER-USE EFFICIENCY AND ENSURE FRESHWATER SUPPLIES

During FYE 2025, we recorded a total water consumption of 4,195 m³ compared to 3,446 m³ in FYE 2024. The increase was primarily attributable to a new water piping installation project, during which multiple pressure tests were conducted across the installation, inspection and testing phases. Despite this increase, we remain committed to monitoring our water usage and exploring additional conservation opportunities to improve water efficiency as part of our ongoing environmental efforts.

SOCIAL

WORKFORCE DIVERSITY

Recognising the value of a diverse and inclusive workforce, we are committed to building a workplace that embraces differences in backgrounds, experiences and perspectives. We believe that diversity strengthens organisational resilience, enhances decision making and supports sustainable long-term growth.

Aligned with UNSDG Target 10.3, our Diversity Policy provides a structured framework to ensure fair, inclusive and merit-based practices in recruitment, professional development and leadership appointments. The policy reflects the Group’s principles in creating a supportive environment where all employees are given equal opportunities to contribute, grow and succeed based on their abilities and performance. Through this approach, we aim to build a more sustainable and committed talent pool. Our Diversity Policy is available at <https://www.binacom.com.my/investor-relations/>.

TARGET 10-3

ENSURE EQUAL OPPORTUNITIES AND END DISCRIMINATION

As at 31 December 2025, the Group comprises a total of 284 employees with various backgrounds, as presented below: -

SUSTAINABILITY STATEMENT

(CONT'D)

SOCIAL

WORKFORCE DIVERSITY (CONT'D)

Our total workforce decreased from 368 employees in FYE 2024 to 284 employees in FYE 2025, reflecting workforce rationalisation initiatives undertaken during the year, including the completion of project-based roles and ongoing efforts to improve operational efficiency.

Compared to FYE 2024, female representation increased from 27.0% to 37.3%, reflecting our continued efforts to build a more balanced workforce. While the nature of our business operations has traditionally resulted in a higher proportion of male employees, we are encouraged by this positive trend and remain committed to providing equal opportunities to all employees across our Group.

In addition to our diversity efforts, maintaining a stable and engaged workforce is important to our operational resilience. Due to the project-driven nature of our business, we employ a higher proportion of temporary employees to support project execution at ground level, while maintaining a smaller team of permanent employees to manage core and strategic functions.

As at 31 December 2025, we employed 72 permanent employees, representing 25.4% of our total workforce, compared to 79 permanent employees or 21.4% in FYE 2024. Among our permanent employees, we recorded an annual turnover rate of 11.1% in FYE 2025. Moving forward, we remain focused on strengthening employee retention strategies to foster a stable, engaged and resilient workforce.

OCCUPATIONAL HEALTH AND SAFETY

Given the nature of our business operations, maintaining a safe working environment is both our responsibility and our commitment. In line with our ESG Policy, we strive to ensure every employee has a productive, healthy and safe workplace where they can perform their duties effectively and safely.

Aligned with UNSDG 8.8, we maintained a comprehensive OHS Management System supported by a formal OHS Policy. This policy sets out clear responsibilities, standards and procedures for providing a safe working environment, preventing work-related injuries and illnesses and guiding our operational decision-making processes. The key objectives of our OHS Policy include: -

- Provide clear OHS information, instruction and guidance to employees.
- Fulfil legal and other relevant regulatory requirements.
- Eliminate hazards and control OHS risks from work activities.
- Maintain safe and healthy working conditions.
- Prevent accidents and cases of work-related ill health.
- Ensure safe operation of plant and equipment.
- Ensure all employees are competent to perform their tasks and receive adequate training.
- Ensure the continual improvement of the OHS management system.
- Encourage consultation and participation of workers and worker representatives in OHS matters, where applicable.

OCCUPATIONAL HEALTH AND SAFETY (CONT'D)

To ensure effective implementation and oversight, we have established a dedicated OHS Committee, chaired by our Executive Director cum CEO, with a Safety and Health Officer serving as Secretary. The Committee includes four (4) representatives from both employer and employee groups, ensuring both management and workforce have equal opportunities to voice concerns and share feedback on safety matters.

The OHS Committee meets quarterly and on ad-hoc basis when required. All matters related to workplace safety, incidents,

inspections and corrective actions are formally recorded and monitored, providing systematic oversight of our OHS performance.

Underpinning our governance structure is a strong commitment to building OHS capability at all levels of the organisation. We provide comprehensive health and safety training to all employees to ensure they understand workplace hazards, safe work procedures and emergency response protocols. Our training programmes are designed to provide our employees with the latest best practices, regulatory updates and practical tools to improve workplace safety.

During FYE 2025, we conducted the following OHS training programmes:-

ISO 45001:2018 Certification for Binasat Digital Sdn Bhd

Our commitment to OHS compliance was further validated by an official workplace audit conducted by the Department of Occupational Safety and Health (“DOSH”), Malaysia on 11 June 2025. We achieved a Compliance Level B (indicating substantial compliance) with an audit score of 89.25%, reflecting our strong adherence to occupational safety and health regulatory requirements and our ongoing commitment to continuous improvement in workplace safety standards.

Additionally, we received an appreciation letter from Maxis Broadband Sdn Bhd, acknowledging our performance and commitment to maintaining high health, safety and environmental standards. This recognition reflects our consistent compliance with safety and environmental regulations, effective training and inspection practices and strong safety culture in project execution.

During FYE 2025, we maintained zero workplace fatalities and zero lost-time injuries across our operations, reflecting our commitment to proactive OHS management, employee training and a strong safety culture embedded at all levels of the Group. Building on this strong safety record, we remain committed to maintaining the highest standards of OHS across our operations, protecting our employees and promoting their well-being.

TRAINING AND DEVELOPMENT

In an era of rapid modernisation, investing in the development of our employees is essential to sustaining our competitive advantage and navigating emerging opportunities and challenges. Through structured training programmes covering safety standards and regulatory compliance, we ensure our employees remain well-equipped to address organisational needs while building the knowledge and expertise required for personal growth.

During FYE 2025, we invested RM40,307 in employee training and development, recording a total of 932 training hours, primarily allocated to training programmes strengthening competencies in environmental management, OHS and corporate governance.

TRAINING AND DEVELOPMENT (CONT'D)

Moving forward, we remain committed to strengthening our training initiatives and broadening the scope of development programmes to ensure our employees stay ahead of industry trends, supporting both their professional growth and the Group's long-term success.

EMPLOYEE WELFARE

We are committed to fostering a supportive and inclusive work environment that prioritises employee rights, health and overall well-being. Guided by the ESG Policy, we uphold fundamental human rights and promote fair labour practices across the Group. Our Employees' Handbook sets out the Group's employment policies, workplace practices, ethical conduct and employees' rights and responsibilities, providing a clear reference for all employees across the Group.

To support the well-being of our employees, we provide a comprehensive range of entitlements and benefits, as outlined below: -

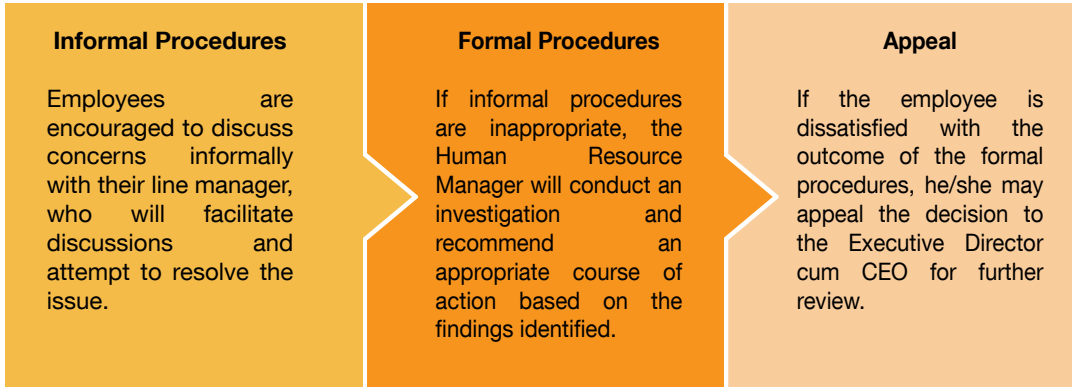

Leave Entitlements	<ul style="list-style-type: none"> • Annual Leave • Medical Leave • Hospitalisation Leave • Prolonged Illness Leave • Compassionate Leave 	<ul style="list-style-type: none"> • Marriage Leave • Maternity Leave • Paternity Leave • Calamity Leave • Pilgrimage Leave

Hari Raya Aidilfitri Celebration

In the spirit of gratitude and togetherness, we organised a Hari Raya Aidilfitri celebration on 18 April 2025. This occasion provided a meaningful opportunity for colleagues to connect, celebrate together and strengthen workplace bonds in a joyful and inclusive setting.

At Binasat, we recognise our responsibility to contribute positively to the communities where we operate. Beyond our core business activities, we actively engage the local community through targeted initiatives that support education, talent development and community well-being.

To understand and manage the social impacts of our operations, we conduct Social Impact Assessments to identify key social risks, assess their severity and implement appropriate mitigation measures. In FYE 2025, most identified impacts were low to medium in severity, and are managed through established operational controls and ongoing stakeholder engagement.

COMMUNITY ENGAGEMENT

During FYE 2025, leveraging our OHS expertise and ISO 45001-aligned management system (as detailed in the Occupational Health and Safety section), we conducted an OHS industry exposure and knowledge-sharing programme for six (6) undergraduate students from Universiti Poly-Tech Malaysia at our Bukit Jalil office. Participants gained practical exposure to workplace safety management, risk assessment and regulatory compliance. This programme equipped the students with valuable industry knowledge while reinforcing our commitment to knowledge sharing and developing future professionals.

TARGET 8-6

PROMOTE YOUTH EMPLOYMENT, EDUCATION AND TRAINING

In line with UNSDG Target 8.6, our internship programme provides young talents practical industry exposure and hands-on learning opportunities in a real working environment. Interns are placed in relevant departments and work closely with experienced personnel, helping them develop technical, professional and soft skills essential for their career growth. During FYE 2025, we offered internship opportunities to 27 students.

Moving forward, we will continue to explore initiatives that promote the well-being and development of the local communities in which we operate.

GOVERNANCE

CORPORATE GOVERNANCE

Strong corporate governance underpins business resilience and stakeholder trust. By embedding robust governance practices throughout the Group, we uphold accountability, transparency and ethical conduct. At Binasat, our governance framework is anchored in comprehensive policies and procedures that guide operations and reinforce a culture of integrity and professionalism.

Our governance framework is supported by several key policies that establish clear standards for ethical conduct and business practices: -

Code of Conduct and Code of Ethics

The Code of Conduct and Code of Ethics (collectively “the Code”) establishes the behavioural standards and ethical principles expected from our Directors, Management and employees, serving as the foundation of our corporate governance by setting out clear expectations on integrity, professionalism and accountability in all business dealings.

Anti-Bribery and Anti-Corruption Policy

In line with UNSDG Target 16.5 and in compliance with Section 17A of the Malaysian Anti-Corruption Commission (“MACC”) Act 2009, we maintain a zero-tolerance stance against all forms of bribery and corruption through our Anti-Bribery and Anti-Corruption Policy (“ABC Policy”). This policy establishes principles and procedures for preventing, detecting and addressing potential bribery or corruption activities, ensuring full compliance and ethical integrity throughout our operations and value chain.

Whistleblowing Policy and Procedures

To support effective implementation of the Code and ABC Policy, we maintain a Whistleblowing Policy and Procedures that provide a confidential mechanism for employees and stakeholders to report suspected improper conduct, including fraud, bribery, corruption or misconduct. Under the Whistleblower Protection Act 2010, all good-faith whistleblowers are protected from retaliation and treated with strict confidentiality. Upon receiving a whistleblowing report, an independent investigation is conducted and appropriate actions are taken based on findings.

During FYE 2025, we extended our whistleblowing mechanism to our supply chain by communicating our whistleblowing channel and reporting procedures directly to suppliers, reinforcing our commitment to transparency and ethical conduct throughout the supply chain. During FYE 2025, no whistleblowing reports were received.

Beyond our governance policies, we conduct systematic corruption risk assessments to identify, evaluate and mitigate potential corruption-related risks. During FYE 2025, we conducted a Corruption Risk Assessment covering 100% of our operations, an increase from 82% in FYE 2024, through a structured Corruption Risk Management framework, encompassing all key operational and support functions including Finance, Human Resources, Logistics, Satellite Operations, Mobile Operations, Fiber Operations, Safety, Compliance & Integrity and Information Technology. Risks are identified, evaluated and documented at departmental and operational levels, with assessments covering inherent risk, existing controls and residual risk to support proactive risk management across the Group.

We ensure our employees receive comprehensive anti-corruption training to uphold ethical standards and integrity. During FYE 2025, 100% of employees across all categories – Management, Executive and Non-Executive – received anti-corruption training, an improvement from FYE 2024 where Non-Executive coverage was 80%. Key training programmes conducted during the year included a session on Section 17A of the MACC Act 2009 delivered by an officer from the MACC on 20 January 2025, as well as Risk Management Training (HIRARC and Corruption Risk Management) conducted in March and April 2025.

GOVERNANCE

CORPORATE GOVERNANCE (CONT'D)

To support continuous awareness beyond formal training, we have established an Integrity and Anti-Corruption Handbook accessible to all employees, serving as a reference guide on ethical standards and anti-corruption requirements.

Directors' Fit and Proper Policy

To ensure qualified Board leadership, the Directors' Fit and Proper Policy guides the Nomination Committee in assessing the suitability of Directors for appointment and re-appointment. This policy ensures each Director possesses the character, integrity, experience, competence and time commitment necessary to effectively discharge their duties and responsibilities.

All governance policies are available on the Company's website at <https://www.binacom.com.my/investor-relations/>. Our corporate governance practices and principles are further detailed in the Corporate Governance Overview Statement and Corporate Governance Report within this Annual Report.

During FYE 2025, we maintained full compliance with all applicable laws and regulations. No employees were subjected to disciplinary action or dismissal for non-compliance and no public cases were brought against the Group or its employees. In addition, no fines or penalties were imposed on the Group by any regulatory bodies or authorities during the financial year.

CORPORATE GOVERNANCE OVERVIEW STATEMENT

The Board acknowledges that a strong corporate governance culture is fundamental to the sustainable growth, resilience and long-term success of the Group. Accordingly, the Board is committed to fostering high standards of transparency, accountability, integrity and ethical conduct across all aspects of the Group's operations. In support of this commitment, the Board continuously reviews and strengthens the Group's corporate governance framework to ensure that its practices remain aligned, where appropriate, with the principles and best practices set out in the Malaysian Code on Corporate Governance ("MCCG").

This Corporate Governance Overview Statement ("CG Statement") is prepared pursuant to Rule 15.25(1) of the AMLR of Bursa Securities and is guided by Guidance Note 11 of the AMLR. This CG statement provides an overview of the manner in which the Group has applied the three (3) principal corporate governance principles set out in the MCCG throughout FYE 2025, namely:

Principle A	Board Leadership and Effectiveness;
Principle B	Effective Audit and Risk Management; and
Principle C	Integrity in Corporate Reporting and Meaningful Relationship with Stakeholders.

This CG Statement should be read together with the Company's Corporate Governance Report 2025 ("CG Report"), which provides detailed disclosures on the Company's corporate governance practices, including how the practices under the MCCG have been applied and, where applicable, the explanations for any departure from such practices. The CG Report is available on the Company's website at www.binacom.com.my/investor-relations/ or on the Bursa Securities' website.

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS

PART I: BOARD RESPONSIBILITIES

1. THE BOARD

The Board has overall responsibility for the governance, stewardship and strategic direction of the Group, as well as for setting the corporate goals and objectives that support the Group's long-term success and enhance shareholder value. Guided by the Board Charter, the Board oversees the Group's strategic, financial, operational, compliance and governance matters. In carrying out its responsibilities, the Board plays a pivotal role in shaping the Group's long-term strategic direction, including the integration of sustainability considerations into the Group's business strategies and operations. In discharging its fiduciary duties and responsibilities, the Board is guided by the Board Charter, the Company's Constitution and the applicable legal and regulatory requirements, including the Companies Act 2016 ("CA 2016"), AMLR and MCCG.

The Board recognises the importance of clearly defined roles and responsibilities in ensuring the effectiveness in discharging its fiduciary and leadership functions. To this end, the Board Charter sets out the roles, duties and responsibilities of the Board and serves as a guiding framework for the Board's governance practices.

To promote a balance of power and authority in the oversight of the Group's corporate governance and business operations, the roles of the Board Chairman and Group MD are held by two (2) separate individuals. The distinct roles and responsibilities of the Board Chairman and Group MD are clearly set out in the Board Charter. Tan Sri Datuk Cham Hak Lim, our Independent Non-Executive Chairman, provides leadership to the Board, oversees its effective functioning, and promotes sound corporate governance practices among Board members. He also facilitates constructive Board discussions and ensures that the Board operates effectively and independently. Meanwhile, Mr. Ong Soon Lim, our Group MD, is primarily responsible for the day-to-day management of the Group's business and operations, with such powers and authority delegated by the Board. This clear segregation of roles supports accountability, strengthens governance and safeguard the interests of the Company's stakeholders.

In effectively discharging its duties and responsibilities, the Board has delegated certain responsibilities and authorities to three (3) Board Committees, namely the ARMC, NC and RC.

CORPORATE GOVERNANCE OVERVIEW STATEMENT (CONT'D)

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (CONT'D)

PART I: BOARD RESPONSIBILITIES (CONT'D)

1. THE BOARD (CONT'D)

Each of the Board Committees is entrusted with specific responsibilities and operates within its clearly defined Terms of Reference approved by the Board. These Board Committees support the Board by reviewing and deliberating on matters within their respective scopes of responsibility, and where appropriate, making recommendations to the Board for consideration and approval. Notwithstanding such delegation, the Board remains collectively responsible for the decisions and actions of the Board Committees, and retains ultimate responsibility for the effective oversight of the Group and its affairs to ensure that all decisions are made in the best interests of the Group and its stakeholders.

Currently, the Board Chairman also serves as a member of the ARMC, NC and RC. While this departs from the recommended Practice 1.4 of the MCCG, the Board is of the view that the Board Chairman's membership in these Board Committees does not impair his objectivity when deliberating on the findings and recommendations put forth by the Board Committees. This is because the Board Chairman is not involved in the day-to-day management or operational affairs of the Group and therefore able to exercise independent judgement. In addition, deliberations at the Board Committee level are conducted collectively, with due regard given to the views of all Committee members, all of whom are Independent Non-Executive Directors. To preserve the integrity of the decision-making process, the Board Chairman will abstain from deliberation or decision-making on matters where there may be an actual or perceived conflict.

Meetings of the Board and Board Committees are scheduled in advance to enable the Directors to plan their attendance and to allow sufficient time for review of the meeting agenda and board papers, which are generally circulated at least seven (7) days prior to the meetings. This allows our Directors have adequate time to peruse and consider the meeting agenda, and to seek clarification from Management in respect of the agenda items prior to the meetings, where necessary, to facilitate informed and effective decision-making. In exceptional or urgent circumstances, relevant meeting materials may be presented to the Board during the meetings. This approach enables the Directors to optimise meeting time for meaningful deliberation and constructive discussion. Minutes of meetings are prepared and circulated to the Board or the respective Board Committee members in a timely manner for their review, before they are tabled at the subsequent meetings of the Board or Board Committees for confirmation. All Directors also have unrestricted access to information relating to the Group's operations and business affairs, as well as to the advice and services of Management, the Company Secretaries, Internal Auditors and External Auditors at the company's expense to support their decision-making process.

Throughout FYE 2025, the Board was supported by two (2) suitably qualified and competent Company Secretaries, who play a crucial role in ensuring compliance with statutory and regulatory requirements, as well as matters relating to corporate governance practices and board proceedings. All Directors have unrestricted access to the advice and services of the Company Secretaries to facilitate the effective functioning of the Board.

The Company Secretaries are qualified to act under Section 235(2)(a) of the CA 2016 and are members of the Malaysian Institute of Chartered Secretaries and Administrators (MAICSA). They continuously keep themselves updated on regulatory changes and developments through ongoing training and industry updates. The Board expresses its satisfaction with the performance and services rendered by the Company Secretaries throughout FYE 2025 and acknowledges their valuable contribution to the effective discharge of the Board's responsibilities.

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (CONT'D)

PART I: BOARD RESPONSIBILITIES (CONT'D)

1. THE BOARD (CONT'D)

The Board is satisfied that the Directors have devoted sufficient time and commitment in discharging their responsibilities, as reflected in their attendance at Board meetings held throughout FYE 2025. A total of five (5) Board meetings were held during FYE 2025, and the attendance record of each Director is set out as follows:

Directors	Number of Meetings Held During Director's Tenure of Office	Meeting Attendance	Percentage of Attendance
Tan Sri Datuk Cham Hak Lim	5	5	100.0%
Zulamran Bin Hamat	5	5	100.0%
Ong Soon Lim	5	5	100.0%
Dato' Seow Thiam Fatt (Retired on 20/6/2025)	3	3	100.0%
Teh Li King	5	4	80.0%
Sharon Ng Saw Ean	5	5	100.0%
Yeong Siew Lee (Resigned on 9/1/2026)	5	5	100.0%

All Directors committed their time and attended more than 50.0% of Board meetings held during FYE 2025, and have fulfilled the attendance requirement set forth in Rule 15.05 of the AMLR.

2. BOARD CHARTER

The Board has adopted a Board Charter, which set out the respective roles and responsibilities of the Board, Board Committees and individual Directors, as well as matters reserved for the Board, and the Board's governance and authority. The Board Charter was last reviewed by the Board on 26 February 2026 and is subject to periodic review, or as and when necessary, to ensure that it remains relevant to the Group's business environment and continues to support the strategic objectives of the Group. The Board Charter is made available on the Company's website at www.binacom.com.my/investor-relations/.

3. BUSINESS ETHICS AND INTEGRITY

3.1 Code of Conduct and Code of Ethics

The Board is committed to promoting a culture of ethical business conduct and sustainable values throughout the Group as part of its efforts to safeguard the Company's reputation and enhance stakeholders' trust and confidence. To this end, the Board has established the Code which set out the standards of behaviour and ethical expectations applicable to Directors and employees across the Group. The Code serves as a guiding framework to uphold high standards of ethics, integrity and professionalism in the conduct of the Group's business and operations.

3.2 Anti-Bribery and Anti-Corruption Policy

In compliance with Section 17A of the MACC Act 2009, the Board has adopted an ABC Policy which reinforces the Group's zero-tolerance stance against all forms of bribery and corruption within the Group. The Group remains committed to conducting its business in a professional, fair and ethical manner, with integrity in all business dealings and relationships. The ABC Policy outlines the Group's principles and measures for the prevention, reporting and management of bribery and corruption related matters arising from its business operations.

3. BUSINESS ETHICS AND INTEGRITY (CONT'D)

3.3 Whistleblowing Policy & Procedures

The Board has also adopted a Whistleblowing Policy & Procedures to facilitate the reporting, in good faith, of any suspected or known misconduct, wrongdoing or malpractice within the Group by employees and stakeholders. This includes any improper conduct, unethical behaviour, illegal acts or non-compliance with applicable laws, regulations and the Group's internal policies, including matters relating to financial reporting.

Pursuant to the Whistleblowing Policy and Procedures, whistleblowers may report directly to any one (1) of the members of the Whistleblower Committee via email by submitting the prescribed Whistleblower Report Form. This policy also provides safeguards for whistleblowers who report in good faith, including protection of their confidentiality and identity.

For FYE 2025, the Board is pleased to report that the Group has not received any whistleblower reports in relation to any breach of the Company's policies or applicable laws.

3.4 Directors' Fit and Proper Policy

Pursuant to Rule 15.01A of the AMLR, the Board has in place a Directors' Fit and Proper Policy to ensure that the Board is composed of individuals of high calibre who possess the requisite character, experience, expertise, integrity, track record and qualifications to effectively discharge their roles and responsibilities. With the assistance of the NC, the Board evaluates candidates seeking appointment and retiring Directors standing for re-election against the criteria set out in the Directors' Fit and Proper Policy.

The Code, ABC Policy, Whistleblowing Policy & Procedures, and Directors' Fit and Proper Policy will be reviewed regularly by the Board to ensure their relevance and compliance with all relevant laws and regulations. These policies are accessible on the Company's website at www.binacom.com.my/investor-relations.

4. SUSTAINABILITY MANAGEMENT

The Board is committed to embedding sustainability and social responsibility into the Group's business strategies to support its long-term growth and value creation. In conducting the Group's business, the Board recognises the importance of taking into account the impact of the Group's business operations on environmental, social, health and safety, employee welfare and governance matters.

The Group's sustainability approach is guided by four (4) key sustainability pillars, namely EESG. During the FYE 2025, a materiality assessment was undertaken to identify and evaluate the Group's material sustainability risks and opportunities that are most relevant to the Group and various stakeholders. With the support of the Board Committees and Senior Management, the Board identified, assessed and prioritized these material sustainability matters within the EESG framework, and considered them while formulating the Group's sustainability strategies in line with the seventeen (17) United Nations' Sustainable Development Goals.

In addition, the Board recognises the importance of regular stakeholder engagement in shaping the Group's sustainable strategies and priorities. These engagements enable the Group to have better understanding on the needs, interests and expectations of its stakeholders, thereby supporting the continuous enhancement of the Group's sustainability efforts and disclosures.

4. SUSTAINABILITY MANAGEMENT (CONT'D)

To keep abreast of the evolving sustainability landscape, the Board remains committed to enhancing its knowledge and awareness of sustainability-related matters so as to facilitate meaningful deliberations and informed decision-making at Board level. Although none of the Directors attended sustainability-related training during FYE 2025, the Directors continued to be apprised of relevant sustainability developments and emerging trends through updates from the Company Secretaries and Senior Management. In addition, the ARMC kept the Board informed on the Group's risk management and internal control system, which also encompasses the sustainability risks relevant to the Group's operations.

The NC assessed the performance of the Board in relation to its skills, knowledge and discharge of duties relating to ESG and sustainability matters. Based on the assessment conducted for FYE 2025, the overall performance of the Directors and Senior Management in this area was rated as average, with room for further enhancement. At present, the Company does not have a dedicated senior executive or C-suite officer responsible for leading, implementing and monitoring the Group's sustainability strategies and goals. The Board will nonetheless continue to enhance its oversight of ESG and sustainability matters through the Group's internal audit planning and other related governance processes.

Further information on the Group's sustainability governance, material matters, strategies and performance is set out in the Sustainability Statement of this Annual Report.

PART II: BOARD COMPOSITION

5. BOARD DIVERSITY

As of 31 December 2025, the Board comprises of six (6) members, including three (3) Independent Non-Executive Directors, one (1) Non-Independent Non-Executive Director, one (1) Group MD and one (1) Executive Director, as follows:

Name	Directorship
Tan Sri Datuk Cham Hak Lim	Independent Non-Executive Chairman
Ong Soon Lim	Group MD
Zulamran bin Hamat	Executive Director cum CEO
Dato' Seow Thiam Fatt (Retired on 20 June 2025)	Senior Independent Non-Executive Director
Teh Li King	Non-Independent Non-Executive Director
Sharon Ng Saw Ean	Independent Non-Executive Director
Yeong Siew Lee	Independent Non-Executive Director

Subsequent to FYE 2025, Ms. Yeong Siew Lee resigned as Director of the Company on 9 January 2026, resulting in a vacancy on the Board and the respective Board Committees. The Board then filled the vacancy within three (3) months thereof by appointing Ms. Abby Lee Gin Mun to the Board on 9 April 2026.

Overall, the board composition fulfils the prescribed requirement under Rule 15.02 of the AMLR, which requires at least one-third (1/3) of the Board to comprise Independent Directors. In addition, the Board also complies with Practice 5.2 of the MCCG, which recommends that at least half of the Board comprises Independent Non-Executive Directors. This composition supports objective and independent deliberation and decision-making by the Board, and in turn safeguard the interests of the Company's shareholders and other stakeholders.

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (CONT'D)

PART II: BOARD COMPOSITION (CONT'D)

5. BOARD DIVERSITY (CONT'D)

The Board comprises members with diverse professional backgrounds, skills and experiences across various fields relevant to the Group's business and operations. Collectively, the Directors bring to the Board an appropriate balance of expertise, experience and knowledge to enable the Group to be managed effectively. The profiles of the Directors are set out in the Board of Directors' Profiles section of this Annual Report.

As of 31 December 2025, the Board had two (2) women Directors, constituting 33.3% female board representation, thereby exceeding the recommended 30.0% women directors as recommended under Practice 5.9 of MCGG. The Company also demonstrates its support for gender diversity by having one (1) woman holding Key Senior Management position. While the Company has in place a Diversity Policy, it has not established specific targets or action plans under the policy, such as a prescribed minimum percentage for women representation in the Board and Key Senior Management. Nonetheless, gender is not regarded as a prerequisite for appointments to the Board or managerial positions within the Company or the Group. Appointments continue to be made based on objective criteria and merit, taking into account the qualifications, experience, competencies and overall suitability of the candidates, regardless of gender.

Re-election of Directors

Pursuant to Clause 96 of the Company's Constitution, at least one-third (1/3) of the Directors shall retire from office but shall be eligible for re-election at the Annual General Meeting ("AGM"), provided that all Directors shall retire from office once at least every three (3) years. The following Directors who would retire by rotation in accordance with Clause 96 of the Company's Constitution and, being eligible, have offered themselves for re-election at the forthcoming Ninth AGM:

- (a) En. Zulamran bin Hamat; and
- (b) Mr. Teh Li King.

Clause 102 of the Company's Constitution provides that any Director appointed during the financial year shall hold office only until the next AGM of the Company and shall then be eligible for re-election but shall not be taken into account in determining the Directors who are retire by rotation at the AGM. Ms. Abby Lee Gin Mun was appointed by the Board on 9 April 2026 and shall retire at the conclusion of the forthcoming Ninth AGM and being eligible, she has offered herself for re-election in accordance with Clause 102 of the Company's Constitution.

Based on the assessment conducted by the NC in accordance with the Directors' Fit and Proper Policy, the NC and the Board are satisfied that the abovementioned retiring Directors continue to meet the fit and proper criteria, having demonstrated the necessary integrity, competence, experience and commitment in the discharge of their duties and responsibilities. Accordingly, the Board has recommended their re-election to the shareholders of the Company for consideration and approval at the forthcoming Ninth AGM. The details of the retiring Directors are set out in the Profile of Directors section of this Annual Report. In addition, the Board's justifications in support of their re-election are set out in the Notice of the Ninth AGM, enabling shareholders to make informed decisions at the AGM.

Tenure of Independent Director

As at the date of this CG Statement, none of the Independent Non-Executive Directors of the Company has served on the Board for a cumulative term of more than nine (9) years.

The Board acknowledges the recommendation under Practice 5.3 of the MCGG that the tenure of an Independent Non-Executive Director should not exceed a cumulative term of nine (9) years. If the Board wishes to retain an Independent Non-Executive Director who has served for a cumulative term of more than nine (9) years, the Board should provide justification and seek annual shareholders' approval through a two-tier voting process at the AGM. This term has been clearly stated in the Company's Board Charter and it is available on the Company's website at www.binacom.com.my/investor-relations.

The NC

The NC is responsible for reviewing the structure, size and composition of the Board regularly and to undertake the review of the appropriate skills (including but not limited to professional skills, where applicable), experience and characteristics required of Board members through set procedures, in the context of the needs of the Group. The NC is governed by its Terms of Reference, which is available on the Company's website at www.binacom.com.my/investor-relations.

Throughout FYE 2025, the RC comprises of three (3) members, all of whom are Independent Non-Executive Directors, as follows:

Name	Designation	Directorship
Sharon Ng Saw Ean	Chairperson	Independent Non-Executive Director
Tan Sri Datuk Cham Hak Lim	Member	Independent Non-Executive Chairman
Dato' Seow Thiam Fatt <i>(Retired on 20 June 2025)</i>	Member	Senior Independent Non-Executive Director
Yeong Siew Lee <i>(Appointed on 20 June 2025)</i>	Member	Independent Non-Executive Director

Subsequent to the resignation of Ms. Yeong Siew Lee as Director of the Company on 9 January 2026, she also resigned as a member of the NC on the same date. To fill the vacancy in the NC, the Board had appointed Ms. Abby Lee Gin Mun, a newly appointed Director, as a member of the NC with effect from 9 April 2026.

Throughout the FYE 2025, the NC has fulfilled its duties and responsibilities through the following activities:

- (i) Reviewed and assessed the composition and effectiveness of the Board as a whole and Board Committees;
- (ii) Reviewed and assessed the performance of each individual Director in terms of their individual skills, experience, knowledge, credibility and contribution to the Board;
- (iii) Reviewed the terms of office and performance of the ARMC and each of its members;
- (iv) Assessed the independence of Independent Non-Executive Directors; and
- (v) Review the tenure of each Director and recommended for re-election to the Board to seek shareholders' approval at the AGM.

While the Board is responsible for the appointment of new Directors of the Company, the NC is delegated with the responsibility of screening and conducting an initial assessment on candidates before making recommendations to the Board for approval. The Directors' Fit and Proper Policy serves as a guide to the NC and the Board by outlining the criteria for the review and assessment of candidates proposed for appointment to the Board, as well as Directors seeking re-election. This policy focuses on several key factors, including character and integrity, experience and competence, as well as time and commitment. The Board and NC will utilise independent sources, where necessary, to identify suitably qualified candidates for appointment to the Board.

During FYE 2025, there were no new appointments to the Board. However, our Senior Independent Non-Executive Director, Dato' Seow Thiam Fatt, retired at the conclusion of the Eighth AGM held on 20 June 2025. Following this change, the Board, through the NC, reviewed the composition of the Board and was satisfied that it continued to comprise Directors with an appropriate balance of skills, experience, independence and diversity, and that the Board remained in compliance with the applicable regulatory requirements and the Company's internal policies. The Board will continue to review its composition from time to time and, where necessary, consider utilising independent sources to identify suitable candidates so as to ensure a broader pool of qualified candidates for future appointments.

CORPORATE GOVERNANCE OVERVIEW STATEMENT (CONT'D)

PRINCIPLE A: BOARD LEADERSHIP AND EFFECTIVENESS (CONT'D)

PART II: BOARD COMPOSITION (CONT'D)

6. OVERALL BOARD EFFECTIVENESS

The Board, through the NC, conducts an annual assessment of the effectiveness of the Board as a whole, Board Committees as well as the performance and contribution of each individual Director. The evaluation process involves all Directors and members of Board Committees in completing board evaluation forms, board committee evaluation forms and board skills matrix form. It also includes peer and self-assessments, where each Directors assesses own performance as well as the performance of fellow Directors. With support of the Company Secretaries, the Board carried out a thorough performance evaluation, taking into account individual contributions to the Board and Board Committees, as well as the overall effectiveness of the Group's governance practices.

Based on the assessment conducted on 26 February 2026, the Board, through the NC, was satisfied that all Directors possess the requisite skills, knowledge, experience and time commitment to effectively discharge their duties and responsibilities to the Company. The Board and Board Committees were also satisfied to have the appropriate mix of skills, expertise and business acumen necessary to support the Group's long-term growth and strategic objectives.

In addition, all Independent Non-Executive Directors were confirmed to have met the independence criteria prescribed under the AMLR and will continue to provide objective and independent views, advice and judgment to the Board.

In order for the Group to remain competitive, the Board ensures that the Directors continue to enhance their knowledge and stay informed of relevant regulatory developments, best practices, financial reporting obligations and other developments. The list of training programmes attended by the Directors during FYE 2025 are set out below:

Directors	Training Programmes/Seminars/Conferences Attended	Date
Teh Li King	Comprehensive General Liability	13/03/2025
	Industry Practices – Life Sciences	02/07/2025
	Flexiguard and OneHub System	25/09/2025

The Board recognises the importance of continuous professional development for Directors. During FYE 2025, Tan Sri Datuk Cham Hak Lim, Mr. Ong Soon Lim, Encik Zulamran bin Hamat and Ms. Sharon Ng Saw Ean did not attend any formal training programmes due to exceptional scheduling constraints arising from unavoidable business and professional commitments during the year. Nevertheless, they remained updated on relevant developments through internal briefings, discussions with Management and advisers, as well as self-reading on regulatory, financial and business matters. The Board acknowledges this non-compliance with the training expectation under the AMLR and will take the necessary steps to ensure that the said Directors attend relevant training programmes in the next financial year.

PART III: REMUNERATION

7. LEVEL AND COMPOSITION OF REMUNERATION

Remuneration Policy and Procedures

The Board has in place a formal and transparent Directors and Senior Management's Remuneration Policy to serve as a guide in formulating the remuneration packages for the Directors and Key Senior Management of the Company. This remuneration policy is designed to attract, retain and motivate individuals of the requisite calibre and talent, and to ensure that they are fairly rewarded for their contributions to the Group.

PART III: REMUNERATION (CONT'D)

7. LEVEL AND COMPOSITION OF REMUNERATION (CONT'D)

Remuneration Policy and Procedures (cont'd)

The level of remuneration of the Executive Directors and Key Senior Management of the Company is determined based on, amongst others, their scope of duties, responsibilities, skills and experience, corporate and individual performance and achievement of annual key performance indicators as well as prevailing market practice and the overall economic environment. Whereas, the remuneration of Non-Executive Directors comprises fixed Directors' fees and meeting allowances, which are appropriately aligned with their roles and responsibilities, time commitment and contributions to the Board and Board Committees. Such fees are fixed in sum and are not linked to commissions or a percentage of profits or turnover. To avoid any conflict of interest, each Director abstains from deliberation and voting on matters relating to his or her own remuneration.

The Directors and Senior Management's Remuneration Policy is available at the Company's website at www.binacom.com.my/investor-relations.

The RC

Throughout FYE 2025, the RC comprises of three (3) members, all of whom are Independent Non-Executive Directors, as follows:

Name	Designation	Directorship
Sharon Ng Saw Ean	Chairperson	Independent Non-Executive Director
Tan Sri Datuk Cham Hak Lim	Member	Independent Non-Executive Chairman
Dato' Seow Thiam Fatt <i>(Retired on 20 June 2025)</i>	Member	Senior Independent Non-Executive Director
Yeong Siew Lee <i>(Appointed on 20 June 2025)</i>	Member	Independent Non-Executive Director

Subsequent to the resignation of Ms. Yeong Siew Lee as Director of the Company on 9 January 2026, she also resigned as a member of the RC on the same date. To fill the vacancy in the RC, the Board had appointed Ms. Abby Lee Gin Mun, a newly appointed Director, as a member of the RC with effect from 9 April 2026.

The RC operates within its Terms of Reference, which delineates its roles, duties and responsibilities, including but not limited to the following:

- (i) to review and recommend to the Board the remuneration packages of Executive Directors, Non-Executive Directors and Key Senior Management, taking into consideration their responsibilities, performance and contributions;
- (ii) to assist the Board in establishing, implementing and administering a fair and transparent framework and policy for the remuneration of Directors and Key Senior Management, and to review such policy as and when necessary;
- (iii) to ensure the remuneration packages of the Executive Directors and Key Senior Management are determined based on the merit, qualifications, competence and experience, taking into account the Company's operating results, individual performance and comparable market benchmarks;

The RC's Terms of Reference is accessible on the Company's website at www.binacom.com.my/investor-relations.

During FYE 2025, the activities undertaken by the RC were as follows:

- (i) reviewed and recommended the Directors' fee for the period from 21 June 2025 until the next AGM of the Company to the Board for approval and for recommendation to the shareholders for approval at the Eighth AGM held on 20 June 2025; and
- (ii) reviewed and recommended the remuneration packages of the Executive Directors and Senior Management to the Board for approval.

The remuneration packages for the Key Senior Management were determined with careful consideration of their roles, skills, expertise, and the significance of their contributions to the Group's overall performance.

The Board believes that providing a detailed disclosure of remuneration of the Key Senior Management on a named basis would not be in the best interest of the Company due to the competitive environment, which could potentially pose challenges for talent retention. After due consideration of sensitivity and confidentiality of remuneration details, the Board has decided to disclose the remuneration of Key Senior Management (who are not Directors of the Company) received for FYE 2025 in bands of RM50,000 on an unnamed basis, as tabled below:

Range of Remuneration*	Number of Key Senior Management
RM150,001 to RM200,000	2
RM200,001 to RM250,000	2
RM300,001 to RM350,000	1

Note:

PRINCIPLE B: EFFECTIVE AUDIT AND RISK MANAGEMENT

PART I: AUDIT COMMITTEE

9. AUDIT AND RISK MANAGEMENT COMMITTEE

Throughout FYE 2025, the ARMC comprised three (3) members, all of whom are Independent Non-Executive Directors. The composition of the ARMC is as follows:

Name	Designation	Directorship
Dato' Seow Thiam Fatt <i>(Retired on 20 June 2025)</i>	Chairperson	Senior Independent Non-Executive Director
Yeong Siew Lee <i>(Redesignated on 20 June 2025)</i>	Chairperson	Independent Non-Executive Director
Tan Sri Datuk Cham Hak Lim	Member	Independent Non-Executive Chairman
Sharon Ng Saw Ean <i>(Appointed on 20 June 2025)</i>	Member	Independent Non-Executive Director

Subsequent to the resignation of Ms. Yeong Siew Lee as Director of the Company on 9 January 2026, she also resigned as the Chairperson of the ARMC on the same date. To fill the vacancy in the ARMC, the Board had appointed Ms. Abby Lee Gin Mun, a newly appointed Director, as the Chairperson of the ARMC with effect from 9 April 2026.

The ARMC has been entrusted by the Board with responsibility of overseeing the Group's financial reporting, external audit, internal control and risk management functions. To preserve the independence and objectivity of the ARMC, the roles of Board Chairman and ARMC Chairman are held by different individuals. The position of Board Chairman is held by Tan Sri Datuk Cham Hak Lim, whilst the ARMC was chaired by Dato' Seow Thiam Fatt until his retirement on 20 June 2025, and subsequently by Ms. Yeong Siew Lee during FYE 2025.

All members of the ARMC are financially literate and possess the requisite knowledge, experience and competence to discharge their duties and responsibilities effectively. The ARMC stays updated on developments in accounting and auditing standards, practices and regulatory requirements through continuous professional development, as well as updates from Management and External Auditor.

In line with Practice 9.2 of the MCCG and the Terms of Reference of the ARMC, individuals who were former partners of the external audit firm of the Company must observe a cooling-off period for a minimum of three (3) years before being considered for appointment as a member of the ARMC. As at the date of this CG Statement, none of the ARMC members is a former partner of the Company's external audit firm, and the Board does not envisage any appointment of such person to the ARMC.

Effectiveness and Independence of External Auditor

The Board, through the ARMC, maintains a professional, transparent and constructive relationship with the External Auditors in seeking independent professional advice and ensuring compliance with the applicable accounting standards and regulatory requirements. During FYE 2025, Messrs. Ecovis Malaysia PLT ("Ecovis"), the External Auditor of the Company, was invited to attend the scheduled ARMC meetings to present the audit plan and audit findings. To promote open and candid discussions, the ARMC also meet with the External Auditor without the presence of Executive Directors and Senior Management twice a year to discuss relating to the Group's audit, including audit issues, internal control matters and the adequacy of the Group's control environment.

The ARMC is tasked by the Board to assess, review and monitor the performance, suitability, independence and objectivity of the External Auditors on an annual basis. In accordance with the Terms of Reference of the ARMC, the annual assessment of the External Auditors covers, among others, the following areas:

- (ii) the competence, audit quality and resource capacity of the External Auditors in carrying out the audit engagement; and
- (iii) the nature and extent of non-audit services tendered, and the appropriateness of the level of audit fees.

Ecovis has confirmed to the ARMC that it is, and has been, independent throughout the conduct of the audit engagement for FYE 2025 in accordance with the independence requirements set out in the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) and the MIA By-Law (on Professional Ethics, Conduct and Practice).

Further details of the activities carried out by the ARMC during FYE 2025 are set out in Audit and Risk Management Committee Report of this Annual Report.

PART II: RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK

10. EFFECTIVE RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK

The Board reaffirms its commitment to ensuring the adequacy and reliability of the Group's internal controls and risk management system with the goal of protecting the Group's assets, safeguarding shareholders' investments and advancing the interests of stakeholders. To fulfil this commitment, the Board, through the ARMC, established and implemented an Enterprise Risk Management ("ERM") framework throughout the Group. The Board is also supported by ARMC in overseeing the sufficiency and effectiveness of the Group's risk management and internal control system.

Additionally, the Board has established several internal control systems, including company policies, standard operating procedures ("SOPs"), which help ensure the seamless functioning of business operation, aligning with principles of sound governance.

Further details on the current risk management and internal control framework within the Group are set out in the Statement on Risk Management and Internal Control of this Annual Report.

11. INTERNAL AUDIT FUNCTION

To ensure the internal audit remains impartial and independent from the Company's management and the functions it evaluates, the Company has outsourced its internal audit function to an independent professional firm, Wensen Consulting Asia (M) Sdn Bhd ("Internal Auditor"). The appointed Internal Auditor is independent and free from any relationships or conflict of interests within the Group, this allows them to provide fair and objective assessment on the governance, risk management and internal controls of the Group. The Internal Auditor conducts internal audit reviews periodically in accordance with the approved internal audit plan, and they report directly to the ARMC.

During the FYE 2025, the Internal Auditor has carried out the following three (3) internal audit reviews in accordance with the internal audit plan duly approved by the ARMC:

Internal Audit Coverage Area	Coverage
Project (Fiber) Execution and Billing Management on Binasat Sdn Bhd	Quarter 3, FYE 2025
Project (Fiber) Procurement and Payment Management on Binasat Sdn Bhd	Quarter 3, FYE 2025
Internal Review on Sustainability Reporting on the Company	Quarter 4, FYE 2025

CORPORATE GOVERNANCE OVERVIEW STATEMENT (CONT'D)

PRINCIPLE B: EFFECTIVE AUDIT AND RISK MANAGEMENT (CONT'D)

PART II: RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK (CONT'D)

11. INTERNAL AUDIT FUNCTION (CONT'D)

To facilitate the internal audit process, the Internal Auditor is granted with the comprehensive and unrestricted access to all information and resources within the Group. This ensures that they have sufficient information and resources to conduct internal audits seamlessly and effectively. Upon completion of each internal audit review, the Internal Auditor presented the audit findings, together with root-cause analysis, potential risks and implications, as well as recommended corrective actions to the ARMC at the scheduled meetings. Follow-up audits were also conducted by the Internal Auditor to ensure the Management implements the agreed corrective action plans within the agreed timeframe.

The Board is of the opinion that the Group's internal control function operated adequately and effectively during FYE 2025, and no noteworthy weaknesses were detected that could significantly impact on the Group's financial performance or operations requiring separate disclosure in this Annual Report.

The total cost incurred for internal audit function of the Group for FYE 2025 is RM40,000.

Further details on the Group's internal audit function are provided in the Statement on Risk Management and Internal Control within this Annual Report.

PRINCIPLE C: INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

PART I: ENGAGEMENT WITH STAKEHOLDERS

12. COMMUNICATION WITH STAKEHOLDERS

The Board acknowledges the importance of cultivating constructive relationships with investors through clear communication and proactive engagement. In this commitment, the Board is committed to maintaining transparent and regular interactions with employees, shareholders, potential investors, suppliers and customers. To ensure effective communication, the Group adopts the following channels and platforms:

- (a) Company's corporate website
- (b) Corporate announcements made to Bursa Securities
- (c) Annual Reports
- (d) General meetings
- (e) Investor relations

The Company maintains a corporate website at www.binacom.com.my which serves as the primary platform for shareholders, investors, and the general public to access pertinent information, including the Group's corporate profile, products, financial performance announcements and other corporate information. Additionally, general public may also reach out to the Company through the "Contact Us" section available at the Company's website at www.binacom.com.my/contact-us/ to send enquiries, suggest improvements or lodge complaints. By utilising these communication channels and platforms, the Board is able to actively engage stakeholders in an effective, transparent and regular manner for their well-informed investment decisions.

While the Company endeavours to provide as much information to the stakeholders on a timely, complete and fair manner, the Board is mindful of the legal and regulations governing the release of material and sensitive information.

PART II: CONDUCT OF GENERAL MEETINGS

13. EFFECTIVE GENERAL MEETINGS

The AGM serves as the primary platform for direct engagement between the Board and shareholders, providing an opportunity for the Board to report on the Group's progress and performance while allowing shareholders to raise questions and seek clarifications regarding the Company's financial performance and the Group's operations and developments.

CORPORATE GOVERNANCE OVERVIEW STATEMENT (CONT'D)

PRINCIPLE C: INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS (CONT'D)

PART II: CONDUCT OF GENERAL MEETINGS (CONT'D)

13. EFFECTIVE GENERAL MEETINGS (CONT'D)

The notice of the Eighth AGM of the Company was issued and circulated to shareholders on 29 April 2025, which was at least twenty-eight (28) days prior to the meeting held on 20 June 2025, in line with the best practice recommended by the MCGG. This provided shareholders with sufficient time to review the Company's Annual Report, consider the proposed resolutions, and make the necessary arrangements either to attend and participate in the AGM in person or to appoint a proxy to attend and vote on their behalf.

In compliance with Rule 8.29A of the AMLR, the Eighth AGM was conducted physically at a venue within the capital city vicinity to ensure accessibility for public shareholders and to avoid remote locations. Shareholders who were unable to attend the meeting were allowed to appoint proxies to attend and vote on their behalf, provided that the proxy form was lodged at the office of Bina Management (M) Sdn Bhd, the Company's poll administrator, or submitted via email at least 48 hours prior to the meeting.

At the Eighth AGM, the Board demonstrated its commitment to shareholder engagement through full attendance at the meeting. The Board Chairman, along with the other Board members and Key Senior Management, addressed the questions and concerns raised prior to the meeting as well as those during the meeting. The External Auditor was also present at the Eighth AGM to address any queries from shareholders related to the audit process and the preparation of the Company's and Group's financial statements, if any.

To ensure that the polling process was conducted in a fair, orderly and transparent manner, the Board engaged Bina Management (M) Sdn Bhd as the poll administrator to conduct the polling process, and Cygnus Technology Solutions Sdn Bhd as the independent scrutineer to validate the voting results.

Following the conclusion of the AGM, the minutes of Eighth AGM were made available on the Company's website at www.binacom.com.my/investor-relations within thirty (30) business days after the conclusion of the meeting.

COMPLIANCE STATEMENT

Saved for those departures highlighted in the CG Report, the Board is of the view that the Group has complied with and shall remain committed to attaining the highest possible corporate governance standards through the continuous adoption of the principles and best practices as set out in the MCGG and all other applicable laws, where applicable and appropriate. The Board will continue to improve and advance in corporate governance policies and procedures as necessary.

This CG Statement was reviewed and approved by the Board on 24 April 2026.

STATEMENT OF DIRECTORS' RESPONSIBILITY IN RELATION TO THE FINANCIAL STATEMENTS

Pursuant to the CA 2016, the Directors are required to prepare financial statements for each financial year in accordance with the applicable Malaysian Financial Reporting Standards ("MFRS") and AMLR of Bursa Securities.

The Directors are responsible for ensuring that the financial statements present a true and fair view of the financial position of the Group and the Company as at the end of the financial year as well as the financial performance and cash flows of the Group and the Company for the financial year then ended.

In preparing the financial statements for the FYE 2025, the Directors have ensured that the Management undertook the following measures: -

- (i) appropriate and relevant accounting standards and policies have been applied on a consistent basis;
- (ii) reasonable and prudent judgement and estimates have been made; and
- (iii) the financial statements have been prepared on a going concern basis.

The Directors are also responsible for taking reasonable steps to safeguard the assets of the Group and the Company, and to prevent and detect fraud, other irregularities and material misstatements.

The Board is satisfied that it has fulfilled its obligation to present a balanced and comprehensible assessment of the Group's and the Company's position and prospects as set out in the Directors' Report and the Financial Statements of this Annual Report.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

INTRODUCTION

The Board is pleased to present this Statement on Risk Management and Internal Control (“Statement”), which outlines the principal features of the Group’s risk management and internal control system for the FYE 2025. This Statement is prepared in accordance with Rule 15.26(b) and Guidance Note 11 of the AMLR, and is guided by the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Companies (“SORMIC Guide 2025”) endorsed by Bursa Securities.

BOARD RESPONSIBILITY

The Board acknowledges its overall responsibility for establishing and maintaining a sound risk management framework and internal control system, as well as for reviewing their adequacy, effectiveness and integrity within the Group. The Group’s risk management and internal control system encompasses financial, operational and compliance controls, and is designed to safeguard shareholders’ investments, stakeholders’ interests and the Group’s assets.

While the Board assumes ultimate responsibility for the adequacy and integrity of the Group’s risk management and internal control system, the ARMC supports the Board by reviewing and overseeing the adequacy and effectiveness of the risk management and internal control system on a regular basis. Through the ARMC, the Board is kept informed of all significant financial or non-financial issues brought to the attention of the ARMC by the Management team, the Internal Auditor and External Auditor.

The Board recognises that the Group’s risk management and internal control system is designed to manage, rather than eliminate, the risks of not adhering to the Group’s policies and achieving goals and objectives within the risk tolerance established by the Board and Management. Therefore, this system provides reasonable, but not absolute, assurance against the occurrence of any material misstatement, loss, fraud or unforeseeable circumstances.

RISK MANAGEMENT FRAMEWORK

The Board recognises that effective risk management is integral to the achievement of the Group’s strategic and business objectives. Accordingly, the Board, through the ARMC, has established an ERM Framework to provide a structured and consistent approach in identifying, assessing, evaluating, monitoring and managing risks across the Group on an ongoing basis.

The ERM Framework is embedded into the Group’s business and strategic planning processes to ensure that risks relevant to the Group’s objectives are identified and addressed in a timely manner. The risk assessment process takes into consideration both internal and external factors affecting the Group’s operations and business environment. Risks identified are assessed based on their likelihood and potential impact, and appropriate mitigation measures are then developed and implemented by Management to manage such risks within the Group’s acceptable risk appetite and tolerance levels.

The Board is supported by the ARMC, which in turn is assisted by the Management, in overseeing the Group’s risk management process through regular reporting on key risks, control measures and the status of mitigation actions. Key performance indicators and control procedures are also in place to facilitate effective monitoring of the Group’s risk profile and the effectiveness of the mitigation measures implemented.

For FYE 2025, a total of nine (9) key risks were identified, assessed and deliberated upon by Management and the ARMC. The Group continues to enhance its risk management practices by strengthening monitoring mechanisms, refining mitigation strategies and broadening the scope of risk management across the Group, with the objective of supporting sustainable business growth while safeguarding shareholders’ investments, stakeholders’ interests and the Group’s assets.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL (CONT'D)

KEY ELEMENTS OF INTERNAL CONTROL

While the Board is responsible for setting the tone at the top and overseeing the overall risk management and internal control framework of the Group, Management is entrusted with responsibility for implementing and maintaining the Group's internal control system in the day-to-day operations.

The key elements of the Group's internal control system in place during FYE 2025 include, amongst others, the following:

- **Organisation Structure**

A well-defined organisation structure with established lines of responsibility, accountability and authority is established to facilitate effective segregation of duties and support proper delegation of authority across the Group's operations.

- **Board and Board Committees**

The Board is supported by three (3) Board Committees, namely the ARMC, NC and RC, as well as the Key Senior Management to ensure effective oversight of the Group's governance, risk management and internal control processes.

The roles and responsibilities of the Board and each Board Committee are set out in the Board Charter and the respective Terms of Reference, which serve as guidelines in discharging their duties. The Board and Board Committees meet regularly to review and deliberate on the Group's operational and financial performance, key business matters, principal risks and control issues.

- **Policies and Procedures**

The Group has established operational policies and procedures to guide employees in the conduct of their daily duties and to safeguard the Group's assets against material loss. These policies and procedures are documented in relevant manuals and handbooks governing key operational processes and are aligned with the requirements of ISO 9001:2015. Such policies and procedures are subject to periodic review and updates to ensure they remain relevant, effective and responsive to changes in the business environment and regulatory landscape.

- **The Code, ABC Policy, Whistleblowing Policy and Procedures**

The Group has adopted the Code which has been approved by the Board and serves as a guide for all individuals associated with the Group, including Directors, employees, suppliers and vendors, in upholding high standards of ethical behaviour, integrity and corporate governance in business conducts and dealings. The Code covers a wide range of scopes, such as human rights, gifts and business courtesies, anti-bribery and anti-corruption, integrity and professionalism, confidential information, anti-money laundering, insider dealing, corporate governance and conflict of interests.

In compliance with the MACC Act 2009, the Group has also implemented an ABC Policy to set out the parameters for preventing bribery and corruption within the Group on a best-effort basis. The ABC Policy addresses, amongst others, matters relating to gifts, donations and sponsorships, facilitation payments and COI. It is applicable to all Directors and employees of the Group, as well as relevant third parties across the supply chain, including agents, suppliers, vendors, contractors, subcontractors and distributors. All employees are required to acknowledge their understanding and commitment to the ABC Policy through a Staff Declaration Form.

In addition, the Group has established a Whistleblowing Policy and Procedures to provide employees and stakeholders with a formal avenue to report, in good faith, any suspected or known malpractice, misconduct or violations of policies and regulations within the Group. Reports received are treated with strict confidentiality, and appropriate protection is accorded to whistleblowers.

All the Code, ABC Policy and Whistleblowing Policy and Procedures are accessible on the Company's website at www.binacom.com.my/investor-relations/.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL (CONT'D)

KEY ELEMENTS OF INTERNAL CONTROL (CONT'D)

- **Human Resource Policy**

Human Resource Policy is in place to support the recruitment, development and retention of competent employees with the necessary qualifications, experience and capabilities to perform their assigned duties and responsibilities effectively.

To keep pace with the evolving business and technological environment, the Group provides a wide range of training and development programmes to enhance employees' skills, knowledge and competencies. To uphold the standards of excellence, periodic performance evaluations are conducted to assess employees' performance, identify training needs and determine appropriate training interventions to maintain a capable and effective workforce.

- **Information and Communication**

The Group has established effective information and communication infrastructures and channels, such as computerised systems, secured intranet and electronic mail system. These platforms enable timely and secure communication of operational data and management information within the Group, thereby facilitating effective decision-making, operational coordination and communication with relevant internal and external stakeholders. At the governance level, regular Board and Board Committee meetings serve as key platforms for structured communication and timely escalation of significant matters between the Board and Management.

- **Monitoring and Review**

The Group's risk management and internal control system undergoes regular monitoring and review by both Internal Auditor and External Auditor. The Internal Auditor independently assesses and reviews the adequacy and effectiveness of the Group's internal controls, as well as identifies potential risks and implications from the audit findings. Internal audit findings, together with recommendations and Management's responses, are reported to the ARMC for review and follow-up action. Additionally, our internal ISO Auditor monitors the Group's compliance with ISO certification requirements, thereby serving as an additional line of defence in our internal control framework.

The External Auditor performs statutory audits on the Group's financial statements and reports to the ARMC on matters arising from the audit, including any significant internal control observations noted during the course of the audit. The Group's quarterly financial results and annual audited financial statements are tabled to the ARMC for review before being presented to the Board for approval, thereby promoting transparency, accountability and reliability in financial reporting.

INTERNAL AUDIT FUNCTION

The Group has outsourced its internal audit function to an independent professional firm, namely Wensen Consulting Asia (M) Sdn Bhd, to assist the Board and the ARMC in providing independent assessments on the adequacy and effectiveness of the Group's governance, risk management and internal control processes.

The internal audit function is headed by Ms Sin Siew Mun ("Ms. Sin"), an Associate Director of Wensen Consulting Asia (M) Sdn Bhd. She possesses full professional certification from the ACCA and has more than 15 years of experience in internal audit review and review of internal controls, governance and risk management practices. Ms. Sin is supported by three (3) internal audit personnel in carrying out the internal audit engagements during the financial year. The internal audit engagements were conducted in accordance with the Committee of Sponsoring Organisations of the Treadway Commission ("COSO") Internal Control - Integrated Framework and International Standards for the Professional Practice of Internal Auditing.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL (CONT'D)

INTERNAL AUDIT FUNCTION (CONT'D)

During the financial year under review, the Internal Auditor has carried out the following three (3) internal audit reviews in accordance with the internal audit plan duly approved by the ARMC: -

Internal Audit Coverage Area	Coverage Period
Project (Fiber) execution and billing management on Binasat Sdn Bhd	Quarter 3, FYE 2025
Project (Fiber) procurement and payment management on Binasat Sdn Bhd	Quarter 3, FYE 2025
Internal Review on Sustainability Reporting on Binasat Communication Berhad	Quarter 4, FYE 2025

In performing its reviews, the Internal Auditor was given full and unrestricted access to the Group's records, personnel and relevant information to enable the audits to be carried out effectively. To preserve its independence and objectivity, the Internal Auditor reports directly to the ARMC.

Upon completion of each audit engagement, the Internal Auditor presented their audit findings, together with the recommendations for improvement and Management's responses, to the ARMC at scheduled meetings. The Management was responsible for implementing the agreed corrective action to address the internal control weaknesses identified. Follow-up reviews on the previous audit findings were also carried out by the Internal Auditor to assess the status of implementation of the agreed action plans within the stipulated timeframe.

Based on the internal audit reviews conducted during FYE 2025, there were no significant weaknesses identified in the Group's internal control system that would have a material impact.

Guided by its Terms of Reference, the ARMC also periodically assesses the adequacy of scope, competency, resources and performance of the outsourced Internal Auditor. Based on such assessment, the Board, through the ARMC, is satisfied that the outsourced internal audit function has performed effectively and has provided the necessary support in discharging its responsibilities during FYE 2025.

MANAGEMENT'S ASSURANCE

The Group MD and Executive Director cum Chief Executive Officer, representing the Management, have provided assurance to the Board that the Group's risk management and internal control system has operated adequately and effectively in all material aspects for the financial year under review and up to the date of approval of this statement, based on the adopted risk management and internal control system by the Group.

During the financial year under review and up to the date of this Statement, the Board is pleased to report that there is no significant internal control deficiencies or material weaknesses that have resulted in material losses, contingencies or uncertainties and required separate disclosure in this Annual Report. Therefore, the Board believes that the existing risk management and internal control system in place is deemed sufficient and adequate to protect shareholders' investments, stakeholders' interests and the Group's assets.

Staying ahead, the Board, together with Board Committees and the Management, remains committed to continuously improving and strengthening the Group's risk management and internal control system to ensure that it remains responsive and relevant to the evolving business environment and regulatory expectations.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL (CONT'D)

REVIEW OF THE STATEMENT BY EXTERNAL AUDITOR

The External Auditor has reviewed this Statement for FYE 2025 for inclusion in this Annual Report as required by Rule 15.23 of the AMLR. Their review was conducted in accordance with the Audit and Assurance Practice Guide 3 (“AAPG 3”): Guidance for Auditors on Engagements to Report on the Statement on Risk Management and Internal Control included in Annual Report issued by the MIA. AAPG 3 does not require the External Auditor to form an opinion on the adequacy and effectiveness of the risk management and internal control system of the Group.

Based on their review, nothing has come to the External Auditor’s attention that causes them to believe that this Statement is not prepared, in all material respects, in accordance with the disclosures required by SORMIC Guide 2025, nor is factually inaccurate.

This Statement was approved by the Board on 24 April 2026.

AUDIT AND RISK MANAGEMENT COMMITTEE REPORT

The Board is pleased to present this Audit and Risk Management Committee Report, which outlines the manner in which the ARMC discharged its duties and responsibilities for the Group during FYE 2025, in compliance with Rule 15.15(1) of the AMLR.

COMPOSITION AND MEETINGS

Established on 14 June 2017, the ARMC supports the Board in overseeing the Group's financial reporting, risk management and internal control system, audit processes, COI situations and related party transactions ("RPT"). In carrying out this role, the ARMC also oversees and evaluates the quality, independence, adequacy and effectiveness of the internal and external audit functions, and reviews the Group's internal control and risk management processes.

To support the effective discharge of its fiduciary duties, the ARMC is guided by its Terms of Reference, which set out, amongst others, its authority, duties, responsibilities, meeting procedures and reporting requirements. The Terms of Reference is available on the Company's website at www.binacom.com.my/investor-relations/.

In compliance with Rule 15.09(1)(a) and (b) of the AMLR and Practice 9.4 of the MCGG, the ARMC comprises three (3) members, all of whom are Independent Non-Executive Directors. Following the retirement of Dato' Seow Thiam Fatt as Director of the Company on 20 June 2025, Ms. Yeong Siew Lee was re-designated from a member of the ARMC to the Chairperson of the ARMC on the same day, and served in that capacity until her resignation on 9 January 2026. As at the date of this report, our ARMC is chaired by Ms. Abby Lee Gin Mun. None of the ARMC members serves as an alternate Directors or is a former partner of the Group's external audit firm. Accordingly, the ARMC composition also complies with the requirements set out under Rule 15.09(2) of the AMLR and Practices 9.2 and 9.4 of the MCGG.

During FYE 2025, the composition of the ARMC fulfilled the financial literacy requirement under Rule 15.09(1)(c) of the AMLR and Practice 9.5 of the MCGG. Dato' Seow Thiam Fatt is a Fellow of CPA Australia, and a member of the MIA and the MICPA. Whereas Ms. Yeong Siew Lee is a Chartered Accountant and a member of MIA. In addition, neither of the ARMC Chairpersons held the position of Board Chairperson during the financial year under review, in line with Practice 9.1 of the MCGG. This clear separation of roles strengthens the objectivity and independence of the ARMC in overseeing the Group's financial reporting process, internal control system and audit functions, thereby reinforcing the overall integrity and credibility of the Group's governance framework.

Pursuant to its Term of Reference, the ARMC shall meet at least four (4) times in each financial year to discuss corporate accounting, financial reporting as well as internal and external audit matters. During FYE 2025, the ARMC held a total of five (5) meetings, and record of meeting attendance are as follows:

Name	Directorship	Meeting Attendance
Chairperson		
Yeong Siew Lee <i>(Redesignated as Chairman on 20 June 2025)</i> <i>(Resigned on 9 January 2026)</i>	Independent Non-Executive Director	5/5
Dato' Seow Thiam Fatt <i>(Retired on 20 June 2025)</i>	Independent Non-Executive Director	3/3*
Member		
Tan Sri Datuk Cham Hak Lim	Independent Non-Executive Chairman	5/5
Sharon Ng Saw Ean <i>(Appointed on 20 June 2025)</i>	Independent Non-Executive Director	2/2*

* Reflects the number of meetings held during the time of Director held office.

AUDIT AND RISK MANAGEMENT COMMITTEE REPORT (CONT'D)

COMPOSITION AND MEETINGS (CONT'D)

To facilitate the effective conduct of meetings, Mr. Ong Soon Lim, our Group MD, Encik Zulamran Bin Hamat, our Executive Director cum CEO, and Dr. Chan Ai Joo, our Group Financial Controller, were invited to attend all ARMC meetings to provide additional information and clarification on operational, financial and audit related matters. Representatives of External Auditor, Internal Auditor and other advisers were also invited to the ARMC meetings to deliberate on matters within their purview, with Company Secretary in attendance.

The agenda and relevant meeting papers were circulated to the ARMC members ahead of each meeting to allow sufficient time for review and to facilitate meaningful deliberation and informed decision-making. Following each meeting, the Chairperson of the ARMC updated the Board on the key matters deliberated and the recommendations of the ARMC requiring the Board's consideration and approval. All proceedings of the ARMC meetings, including the discussions held and decisions made, were duly recorded by the Company Secretary. The minutes were thereafter tabled at the subsequent ARMC meeting for confirmation and subsequently presented to the Board for notation.

SUMMARY OF ACTIVITIES OF THE ARMC DURING FYE 2025

During the FYE 2025, the ARMC carried out the following activities in discharging its duties and responsibilities:

AUDIT AND RISK MANAGEMENT COMMITTEE REPORT (CONT'D)

INTERNAL AUDIT FUNCTION

The Company recognises the internal audit function as a key component of the Group's system of internal control and an integral part of its risk management framework. During the financial year under review, the Group's internal audit function was outsourced to Wensen Consulting Asia (M) Sdn Bhd, an independent professional firm providing internal audit services.

The Internal Auditor carries out independent, regular and systematic reviews of the key controls and processes within the Group's operating units, and assess compliance with the established policies and procedures, in accordance with the internal audit plan approved by the ARMC. In performing its reviews, the Internal Auditor was given full and unrestricted access to the Group's records, personnel and relevant information to enable the audits to be carried out effectively. To preserve its independence and objectivity, the Internal Auditor reports directly to the ARMC.

(1) Summary of Works

The summary of works that were carried out by the Internal Auditor during FYE 2025 encompassed the following:

- (a) Assessed the adequacy and effectiveness of the Group's internal control system and recommended corrective actions to be taken;
- (b) Ensured that the reported weaknesses were appropriately addressed and that recommendations from the Internal Auditor and corrective actions were implemented by the Management within the expected timeframe;
- (c) Formulated an annual internal audit plan focused on controls and managing the principal risks of the Group. Audits are prioritised based on assessment of the potential risk exposures; and
- (d) Presentation of audit findings and corrective actions to be taken by the Management at the scheduled ARMC meetings.

(2) Total costs incurred for FYE 2025

The total costs incurred for the Group's outsourced internal audit function during FYE 2025 amounted to RM40,000.

(3) Review of Internal Audit Function

The ARMC and the Board were satisfied with the performance of the Internal Auditor for FYE 2025.

The ARMC is pleased to report that there were no significant weaknesses identified that would result in any material losses, contingencies or uncertainties to the Group which would require a separate disclosure in this Annual Report. Further insights into our internal audit function are detailed in our Statement on Risk Management and Internal Control in this Annual Report.

This Report was made in accordance with the approval of the Board of Directors on 24 April 2026.

Total			8,340	

(Datin Lim Wai Yee, Ong Tzu Chuen and HAMSB are collectively referred to as "SBP Vendors" and each a "SBP Vendor" and SBP Property 1, SBP Property 2 and SBP Property 3 are collectively referred to as "SBP Properties".)

On 25 September 2025, LCSB's rights and obligations under the sale and purchase agreements and lease arrangements were novated to Binasat Asset Sdn Bhd (formerly known as Sengchea Group Sdn Bhd) ("BASB"), a wholly-owned subsidiary of the Company.

The following directors and major shareholders of the Company are deemed interest in the Proposed Acquisitions and Leases of SBP Properties : -

- (i) Teh Li King is a Non-Independent Non-Executive Director of Binasat. He is also a director of HAMSB. Accordingly, he is deemed interested in the Proposed Acquisitions and Leases of SBP Properties.
- (ii) Ong Soon Lim is the Group MD of Binasat. He is the brother of Dato' Ong Soon Ho, who is person connected to an interested major shareholder, and uncle to Dato' Ong Choo Meng. Accordingly, he is deemed interested in the Proposed Acquisitions and Leases of SBP Properties.

ADDITIONAL COMPLIANCE INFORMATION (CONT'D)

MATERIALS CONTRACTS INVOLVING DIRECTORS AND MAJOR SHAREHOLDERS' INTEREST (CONT'D)

(iii) Dato' Ong Choo Meng is a major shareholder of Binasat via his indirect interest in Binasat held through HCB, the holding company of OVCSB. He is also a major shareholder of Hextar Industries Berhad ("HIB") via his direct and indirect interest in HIB held through Hextar Holdings Sdn Bhd ("HHSB"), the holding company of HIB. HIB is the holding company of HIBMSB. HHSB is the holding company of HAMSB and HIB. Accordingly, Dato' Ong Choo Meng is deemed interested in the Proposed Acquisitions and Leases of SBP Properties.

Dato' Ong Choo Meng is further connected to the transaction by virtue of the following connected persons: -

- (a) Datin Lim Wai Yee, the vendor of SBP Property 1, is the spouse of Dato' Ong Choo Meng;
 - (b) Ong Tzu Chuen, the vendor of SBP Property 2, is the sister of Dato' Ong Choo Meng;
 - (c) Dato' Ong Soon Ho, a director and shareholder of HHSB which is the holding company of HAMSB, vendor of SBP Property 3, is the father of Dato' Ong Choo Meng; and
 - (d) Ong Soon Hooi, a director of both HAMSB, vendor of SBP Property 3, and HIBMSB, lessee of SBP Property 2, is the brother of Dato' Ong Soon Ho and uncle of Dato' Ong Choo Meng.
- (iv) OVCSB is a major shareholder of Binasat and a wholly-owned subsidiary of HCB. OVCSB and HCB are persons connected to Dato' Ong Choo Meng by virtue of his shareholdings in HCB. Accordingly, OVCSB and HCB are deemed interested in the Proposed Acquisitions and Leases of SBP Properties.

The above should read in conjunction with the Company's circular to shareholders dated 7 April 2025 and the related announcement to Bursa Securities.

DIVIDENDS

No dividend has been paid or declared by the Company since the end of the previous financial period. The Directors do not recommend any final dividend in respect of the current financial year.

RESERVES AND PROVISIONS

There were no material transfers to or from reserves or provisions during the financial year other than those disclosed in the financial statements.

ISSUES OF SHARES AND DEBENTURES

During the financial year, the Company issued:

- (i) 15,829,500 new ordinary shares at an issue price of RM0.165 each for cash consideration under private placement of new ordinary shares;
- (ii) 49,023,333 new ordinary shares at an issue price of RM0.21 each for the settlement of purchase consideration for acquisition of properties as disclosed in Note 39(b) to the financial statements;
- (iii) 100,000,000 new ordinary shares at an issue price of RM0.10 each for cash consideration under private placement of new ordinary shares; and
- (iv) 28,137,500 new ordinary shares at an issue price of RM0.10 each for cash consideration under private placement of new ordinary shares.

The new ordinary shares issued rank equally in all respects with the existing ordinary shares of the Company.

There were no issues of debentures by the Company during the financial year.

DIRECTORS' REPORT

(CONT'D)

OPTIONS GRANTED OVER UNISSUED SHARES

No options were granted to any person to take up unissued shares of the Company during the financial year.

BAD AND DOUBTFUL DEBTS

Before the financial statements of the Group and of the Company were made out, the Directors took reasonable steps to ascertain that action had been taken in relation to the writing off of bad debts and the making of allowance for impairment losses on receivables and had satisfied themselves that there are no known bad debts and that adequate allowance had been made for impairment losses on receivables.

At the date of this report, the Directors are not aware of any circumstances which would render the amount written off bad debts necessary or the amount of the allowance for doubtful debts in the financial statements of the Group and of the Company inadequate to any material extent.

CURRENT ASSETS

Before the financial statements of the Group and of the Company were made out, the Directors took reasonable steps to ensure that any current assets, which were unlikely to be realised in the ordinary course of business, including their value as shown in the accounting records of the Group and of the Company, had been written down to an amount which they might be expected so to realise.

At the date of this report, the Directors are not aware of any circumstances which would render the values attributed to the current assets in the financial statements of the Group and of the Company misleading.

VALUATION METHODS

At the date of this report, the Directors are not aware of any circumstances which have arisen which render adherence to the existing methods of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.

CONTINGENT AND OTHER LIABILITIES

At the date of this report, there does not exist:-

- (a) any charge on the assets of the Group and of the Company that has arisen since the end of the financial year which secures the liabilities of any other person; or
- (b) any contingent liability of the Group and of the Company which has arisen since the end of the financial year.

In the opinion of the Directors, no contingent or other liability of the Group and of the Company has become enforceable, or is likely to become enforceable, within the period of twelve months after the end of the financial year which will or may affect the ability of the Group or of the Company to meet their obligations as and when they fall due.

CHANGE OF CIRCUMSTANCES

At the date of this report, the Directors are not aware of any circumstances not otherwise dealt with in this report or the financial statements of the Group and of the Company which would render any amount stated in the financial statements misleading.

DIRECTORS' REPORT (CONT'D)

ITEMS OF MATERIAL AND UNUSUAL NATURE

The results of the operations of the Group and of the Company during the financial year were not, in the opinion of the Directors, substantially affected by any item, transaction or event of a material and unusual nature.

There has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the Directors, to affect substantially the results of the operations of the Group and of the Company for the financial year in which this report is made.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF BINASAT COMMUNICATIONS BERHAD

(Incorporated in Malaysia) Registration No: 201701008491 (1222656-D)

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the financial statements of Binasat Communications Berhad ("the Company"), which comprise the statements of financial position as at 31 December 2025 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including material accounting policy information, as set out on pages 86 to 151.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 December 2025, and of their financial performance and their cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* ("IESBA Code"), as applicable to audits of financial statements of public interest entities and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current financial year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Group

1. Recoverability of trade receivables and contract assets (Note 12 and Note 13 to the financial statements)

The Group recorded trade receivables and contract assets of RM98,119,312, which represents 51% of the Group's total assets as of 31 December 2025.

The Group assessed on a forward-looking basis the expected credit loss ("ECL") associated with its trade receivables and contract assets using the simplified and general approach. The impairment assessment involved significant judgements and there is inherent uncertainty in the assumptions applied by the management based on the Group's past history, existing market conditions as well as forward-looking information.

Given the magnitude of the balance and the level of judgement involved, we considered this area to be a key audit matter.

Key Audit Matters (Cont'd)

Group (Cont'd)

1. Recoverability of trade receivables and contract assets (Note 12 and Note 13 to the financial statements) (Cont'd)

Our audit response:

We performed, among others, the following audit procedures:

- Reviewed contractual terms to ensure the Group has contractual right to recognise revenue and collect payments;
- Reviewed the ageing analysis of trade receivables and tested the accuracy of the ageing data;
- Reviewed subsequent collections from selected overdue trade receivables; and
- Reviewed management's assessment of expected credit loss to the Group's historical bad debts records, publicly available information and credit ageing of the Group's customer.

Group and Company

2. Impairment of other receivables (Note 14 to the financial statements)

As at 31 December 2025, the Group and the Company recorded other receivables of RM10,099,321 and RM7,975,542, of which an impairment loss of RM8,017,797 and RM7,975,542 was recognised during the financial year, representing approximately 72% and 73% of the Group's and the Company's losses for the financial year.

The impairment assessment of other receivables involved significant judgement, particularly in evaluating the recoverability of the receivables, assessing the indicators of impairment and probability of default.

Given the magnitude of the impairment losses and the level of judgement involved, we considered this area to be a key audit matter.

Our audit response:

We performed, among others, the following audit procedures:

- Evaluated the appropriateness and reasonableness of the key assumptions used in the expected credit loss model and tested its mathematical accuracy;
- Obtained confirmation from major other receivables on outstanding balances as at the reporting date;
- Reviewed subsequent collections from selected major other receivables; and
- Evaluated the adequacy of impairment losses provided.

3. Revenue from contracts with customers (Note 26 to the financial statements)

For the financial year ended 31 December 2025, the Group recognised revenue from contracts with customers amounted to RM118,202,600. Revenue from contracts with customers is recognised over time using the input method. Progress towards satisfaction of performance obligation is calculated on the proportion of total costs incurred at the end of the reporting period compared to the estimated total cost of the contracts.

We focus on this area because the determination of percentage of completion involves significant management estimation, in particular relating to forecasting total costs required to satisfy the performance obligation, and subsequent revisions to total costs estimate for certain events or conditions that occur during the performance of the contract, or are expected to occur to complete the contract.

Our audit response:

We performed, among others, the following audit procedures:

- Obtained understanding and evaluated the project costing process in determining project costs at initiation and throughout life of the project, as well as the amount of contract assets and revenue recognised in the financial statements;
- For a selection of contracts:
 - (i) Assessed management's estimated cost to complete by agreeing to supporting documents and comparing to actual costs incurred;
 - (ii) Agreed the total contract sums to contracts entered into between the Group and its customers; and
 - (iii) Verified on the progress billings issued and actual cost incurred during the financial year.
- Assessed the appropriateness of revenue and cost recognition to determine compliance with MFRS 15 Revenue from Contracts with Customers; and
- Evaluated the adequacy of disclosures in the financial statements.

Information Other than the Financial Statements and Auditors' Report Thereon

The Directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon, which we obtained prior to the date of this auditors' report, and the annual report 2025, which is expected to be made available to us after the date of auditors' report.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information that we obtained prior to the date of this auditors' report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONT'D)

Responsibilities of the Directors for the Financial Statements

The Directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the Directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:-

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the Group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the Group financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the Group audit. We remain solely responsible for our audit opinion.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:- (cont'd)

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current financial year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTERS

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

1. GENERAL INFORMATION

The Company is a public limited liability company, incorporated and domiciled in Malaysia. The Company is listed on the ACE Market of Bursa Malaysia Securities Berhad. The registered office and principal place of business are as follows:-

Registered office	:	Level 7, Mercu 3, No. 3, Jalan Bangsar, KL Eco City, 59200 Kuala Lumpur
Principal place of business	:	Lot PT 13824, Jalan Teknologi 4 Technology Park Malaysia Bukit Jalil, 57000 Kuala Lumpur

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the Directors dated

2. PRINCIPAL ACTIVITIES

The Company is principally engaged in the business of investment holding. The principal activities of the subsidiaries are set out in Note 5 to the financial statements.

3. BASIS OF PREPARATION

The financial statements of the Group and of the Company have been prepared in accordance with Malaysian Financial Reporting Standards ("MFRS"), International Financial Reporting Standards ("IFRS") and the requirements of Companies Act 2016 in Malaysia.

The financial statements of the Group and of the Company are presented in Ringgit Malaysia ("RM"), which is the functional currency of the Company and entities in the Group.

The preparation of financial statements in conformity with MFRS and IFRS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, revenues and expenses and disclosure of contingent assets and contingent liabilities. Actual results could differ from reported amounts. The areas involving significant judgement and estimation uncertainty to the financial statements are disclosed in Note 4 to the financial statements.

3.1 Amendments to MFRS that are effective and have been adopted in the current financial year

The following are amendments to MFRS that are effective and have been adopted by the Group and the Company:

- Amendments to MFRS 121, 'The Effects of Changes in Foreign Exchange Rates' – Lack of Exchangeability

The adoption of the above amendments to MFRS did not have any significant effect on the financial statements of the Group and the Company and did not result in significant changes to the Group's and the Company's existing accounting policies.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2025

(CONT'D)

3. BASIS OF PREPARATION (CONT'D)

3.2 MFRS and amendments to MFRS that have been issued, but yet to be adopted

The following are MFRS and amendments to MFRS that have been issued by Malaysian Accounting Standard Board ("MASB") but are not yet effective and have not been adopted by the Group and the Company:

(i) Effective for financial period beginning on or after 1 January 2026

- Amendments to MFRS 9, 'Financial Instruments' and MFRS 7, 'Financial Instruments: Disclosures' – Amendments to the Classification and Measurement of Financial Instruments
- Amendments to MFRS 9, 'Financial Instruments' and MFRS 7, 'Financial Instruments: Disclosures' – Contract Referencing Nature-dependent Electricity
- Annual improvements to MFRS Accounting Standards – Volume 11

(ii) Effective for annual periods beginning on or after 1 January 2027

- MFRS 18, 'Presentation and Disclosure in Financial Statements'
- MFRS 19, 'Subsidiaries without Public Accountability: Disclosures'
- MFRS 121, 'The Effects of Changes in Foreign Exchange Rates' – Translation to a Hyperinflationary Presentation Currency

(iii) Deferred to a date to be determined by the MASB

- Amendments to MFRS 10, 'Consolidated Financial Statements' and MFRS 128, 'Investments in Associates and Joint Ventures' – Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

The Group and the Company plan to apply the abovementioned MFRS and amendments to MFRS, where applicable to the Group and the Company, from the beginning of the annual period where they become effective.

The Group and the Company are currently assessing the impact of application of the above MFRS and amendments to MFRS since the effect would only be observable in future financial years.

4. MATERIAL ACCOUNTING POLICY INFORMATION

4.1 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Key Sources of Estimation Uncertainty

Management believes that there are no key assumptions made concerning the future, and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year other than as disclosed below:-

(a) Depreciation of Property, Plant and Equipment

The estimates for the residual values, useful lives and related depreciation charges for the property, plant and equipment are based on commercial factors which could change significantly as a result of technical innovations and competitors' actions in response to the market conditions. The Group anticipates that the residual values of its property, plant and equipment will be insignificant. As a result, residual values are not being taken into consideration for the computation of the depreciable amount. Changes in the expected level of usage and technological development could impact the economic useful lives and the residual values of these assets, therefore future depreciation charges could be revised. The carrying amount of property, plant and equipment as at the reporting date is disclosed in Note 6 to the financial statements.

(CONT'D)

4. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

4.1 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (CONT'D)

Key Sources of Estimation Uncertainty (Cont'd)

(b) Impairment of Investment Properties

The Group determines whether an item of its investment properties are impaired by evaluating the extent to which the recoverable amount of the asset is less than its carrying amount. This evaluation is subject to changes such as market performance, economic and political situation of the country. The recoverable amount is determined with the sales comparison method of recent transactions of similar properties in close proximity adjusted for location, time element, size and other relevant characteristics. Any changes in transaction prices and assumptions in the estimate made will affect the recoverable amount. The carrying amount and fair value of investment properties as at the reporting date is disclosed in Note 7 to the financial statements.

(c) Impairment of Trade Receivables and Contract Assets

The Group uses the simplified approach to estimate a lifetime expected credit loss allowance for all trade receivables and contract assets. The contract assets are grouped with trade receivables for impairment assessment because they have substantially the same risk characteristics as the trade receivables for the same types of contracts. The Group develops the expected loss rates by applying judgement in selecting inputs to the impairment calculation, which are based on the Group's bad debts history, financial condition and payment trend of receivables, existing market conditions as well as forward-looking estimates at the end of each reporting period. The carrying amounts of trade receivables and contract assets as at the reporting date are disclosed in Notes 12 and 13 to the financial statements respectively.

(d) Contract Revenue

The Group recognises contract revenue by reference to the progress using the input method, determined based on the proportion of contract costs incurred for work performed to date over the estimated total contract costs. Significant judgement is involved in determining the stage of completion, extent of costs incurred and estimated total costs, as well as appropriateness of provision for Liquidated Ascertained Damages ("LAD").

Significant judgement is required in estimating the progress towards complete satisfaction of performance obligations and determining whether there is any exposure to LAD based on the facts and circumstances of the relevant projects being delayed. In making these judgements, the Group evaluate based on past experience and by relying on the work of specialists.

The carrying amount of contract assets and contract liabilities as at the reporting date is disclosed in Note 13 to the financial statements respectively.

(e) Income Taxes

There are certain transactions and computations for which the ultimate tax determination may be different from the initial estimate. The Group recognises tax liabilities based on its understanding of the prevailing tax laws and estimates of whether such taxes will be due in the ordinary course of business. Where the final outcome of these matters is different from the amounts that were initially recognised, such difference will impact the income tax expense and deferred tax balances in the period in which such determination is made. The carrying amount of current tax assets/liabilities of the Group and of the Company as at the reporting date are disclosed in the statements of financial position.

4.1 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (CONT'D)

Key Sources of Estimation Uncertainty (Cont'd)

(f) Discount Rates used in Leases

Where the interest rate implicit in the lease cannot be readily determined, the Group uses the incremental borrowing rate to measure the lease liabilities. The incremental borrowing rate is the interest rate that the Group would have to pay to borrow over a similar term, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. Therefore, the incremental borrowing rate requires estimation particularly when no observable rates are available or when they need to be adjusted to reflect the terms and conditions of the lease. The Group estimates the incremental borrowing rate using observable inputs when available and is required to make certain entity-specific estimates.

(g) Write-down of Inventories

Reviews are made periodically by management on damaged, obsolete and slow-moving inventories. These reviews require judgement and estimates. Possible changes in these estimates could result in revisions to the valuation of inventories. The carrying amount of inventories as at the reporting date is disclosed in Note 11 to the financial statements.

Critical Judgements Made in Applying Accounting Policies

Management believes that there are no instances of application of critical judgement in applying the Group's accounting policies which will have a significant effect on the amounts recognised in the financial statements other than as disclosed below:-

(a) Lease Terms

Some leases contain extension options exercisable by the Group before the end of the non-cancellable contract period. In determining the lease term, management considers all facts and circumstances including the past practice and any cost that will be incurred to change the asset if an option to extend is not taken. An extension option is only included in the lease term if the lease is reasonably certain to be extended (or not terminated).

In determining the incremental borrowing rate of the respective leases, the Group first determines the closest available borrowing rates before using significant judgement to determine the adjustments required to reflect the term, security, value or economic environment of the respective leases.

4.2 BASIS OF CONSOLIDATION

(a) Business Combinations

Acquisitions of businesses are accounted for using the acquisition method. Under the acquisition method of accounting, the consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred to the former owners of the acquiree, the equity interests issued by the Group and the fair value of any asset or liability resulting from a contingent consideration arrangement at the acquisition date. The Group recognises any non-controlling interest in the acquiree at the non-controlling interest's proportionate share of the recognised amounts of acquiree's identifiable net assets.

Acquisition-related costs are expensed off in profit or loss as incurred.

(CONT'D)

4. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

4.2 BASIS OF CONSOLIDATION (CONT'D)

(b) Non-controlling Interests

Non-controlling interests are presented within equity in the consolidated statement of financial position, separately from the equity attributable to owners of the Company. Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income is attributed to non-controlling interests even if this results in the non-controlling interests having a deficit balance.

(c) Changes in Ownership Interests in Subsidiaries Without Change of Control

All changes in the parent's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of the consideration paid or received is recognised directly in the equity of the Group.

(d) Loss of Control

When the Group loses control of a subsidiary company, the assets and liabilities of the subsidiary company, including any goodwill, non-controlling interests and other components if equity related to the former subsidiary company are derecognised at their carrying value on the date that control is lost. Any remaining investment in the entity is recognised at fair value. The difference between the fair value of consideration received and the amounts derecognised and the remaining fair value of the investment is recognised as a gain or loss on disposal in profit or loss. Subsequently, it is accounted for as an equity-accounted investee or as an available-for-sale financial asset depending on the level of influence retained.

(e) Separate financial statements

In the Company's separate financial statements, investments in subsidiary companies are stated at cost of less accumulated impairment losses. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount.

4.3 FUNCTIONAL AND PRESENTATION CURRENCY

The individual financial statements of each entity in the Group are presented in the currency of the primary economic environment in which the entity operates, which is the functional currency.

The consolidated financial statements are presented in Ringgit Malaysia ("RM"), which is the Company's functional and presentation currency.

4.4 FINANCIAL ASSETS

Financial assets are initially recognised at fair value, plus, in the case of financial assets not at fair value through profit or loss, directly attributable transaction costs.

(a) Financial assets at fair value through profit or loss ("FVTPL")

The Group and the Company subsequently measures these financial assets at fair value. Net gains and losses, including any interest and dividend income, are recognised in profit or loss.

(CONT'D)

4. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

4.4 FINANCIAL ASSETS (CONT'D)

(b) Debt instruments at amortised cost

Subsequent to initial recognition, these financial assets are measured at amortised cost using the effective interest method. The gross carrying amount is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

(c) Debt instruments at fair value through other comprehensive income ("FVTOCI")

Subsequent to initial recognition, financial assets are measured at fair value. Any gains or losses arising from the changes in fair value are recognised in other comprehensive income, except impairment losses, exchange differences and interest income which are recognised in profit or loss. The cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment when the financial asset is derecognised.

(d) Equity instruments at FVTOCI

Equity instruments are classified as financial assets measured at FVTPL if they are held for trading or are designated as such upon initial recognition. For equity instruments that are not held for trading, the Group and the Company have made an irrevocable election to designate them at FVTOCI upon initial recognition.

Subsequent to initial recognition, equity instruments are measured at fair value. Any gains or losses arising from the changes in fair value of financial assets are recognised in other comprehensive income and are not subsequently transferred to profit or loss. Dividends on equity instruments are recognised in profit or loss when the Group's and the Company's right to receive payment is established except when the Group and the Company benefit from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in other comprehensive income. Equity instruments designated at FVTOCI are not subject to impairment assessment.

(e) Impairment of financial assets

The Group and the Company measure the impairment loss on financial assets other than trade receivables and contract assets based on 12-month expected credit loss ("ECL") and for a financial asset for which there is a significant increase in credit risk since initial recognition, a lifetime ECL.

For trade receivables and contract assets, the Group recognises impairment loss based on the simplified approach and measures impairment loss based on lifetime ECL at each reporting date until the financial assets are derecognised.

(f) Derecognition

All regular way purchases and sales of financial assets are recognised or derecognised on the settlement date, i.e. the date that the asset is delivered to or by the Group or the Company.

Any changes in the fair value of the asset to be received during the period between the trade date and the settlement date is accounted for in the same way as it accounts for the acquired assets.

4.5 FINANCIAL LIABILITIES

(a) Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading, a derivative, contingent consideration of an acquirer in a business combination and financial liabilities designated upon initial recognition as at FVTPL. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss.

The Group and the Company do not have any financial liabilities at FVTPL in the current and previous financial year end.

(b) Financial liabilities at amortised cost

Financial liabilities at amortised cost are recognised initially at fair value plus directly attributable transaction costs and subsequently measured at amortised cost using the effective interest method. Interest expenses and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

4.6 PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

All property, plant and equipment are depreciated on straight line basis based on the estimated useful lives of the assets as follows:-

Building	50 years
Telecommunication equipment	5 to 15 years
Computers	5 years
Furniture, fittings and equipment	5 years
Motor vehicles	5 years
Renovation	5 years
Signboard	5 years
Tools and equipment	5 years

Construction work-in-progress included in property, plant and equipment are not depreciated as these assets are not yet available for use.

4.7 INVESTMENT PROPERTIES

Investment properties are initially measured at cost, including expenditure directly attributable to the acquisition of the investment property. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and impairment losses, if any.

Depreciation is charged to profit or loss on a straight-line method over the estimated useful lives of the investment properties. The estimated useful lives of the investment properties are within 50 years.

4. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

4.8 LEASES

(a) The Group as lessee

The Group recognises a right-of-use asset and corresponding lease liability with respect to all lease agreements in which it is the lessee, except for low-value assets and short-term leases with lease term of 12 months or less. For these leases, the Group recognises the lease payments as an operating expense on a straight-line method over the term.

Right-of-use assets

Right-of-use assets are subsequently measured at cost less accumulated depreciation and any impairment losses, and adjustment for any remeasurement of the lease liability. Right-of-use asset is depreciated on the straight-line basis from the commencement date to the earlier of the end of the estimated useful lives of the right-of-use assets or the end of the lease term.

The right-of-use assets and the associated lease liabilities are presented as a separate line item in the statements of financial position.

Lease liabilities

Lease liabilities are initially measured at the present value of lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the Group uses its incremental borrowing rate.

The lease liability is subsequently measured at amortised cost using the effective interest method.

(b) The Group as lessor

The Group recognises lease payment received from investment properties under operating leases as other income on a straight-line basis over the lease term.

4.9 INVENTORIES

Inventories are stated at the lower of cost and net realisable value. Cost is determined on the weighted average cost and comprises the purchase price and incidentals incurred in bringing the inventories to their present location and condition.

4.10 CASH AND CASH EQUIVALENTS

Cash and cash equivalents comprise cash in hand, bank balances and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value with original maturity periods of three months or less, less bank overdrafts.

4.11 FAIR VALUE MEASUREMENT

Fair values are categorised into different level in a fair value hierarchy based on the input used in the valuation technique as follows:-

- Level 1** : Inputs are quoted prices (unadjusted) in active markets for identical assets or liability that the entity can access at the measurement date;
- Level 2** : Inputs are inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3** : Inputs are unobservable inputs for the asset or liability.

The transfer of fair value between levels is determined as of the date of the event or change in circumstances that caused the transfer.

4.12 REVENUE FROM CONTRACTS WITH CUSTOMERS

Revenue from contracts with customers is recognised over time in the period in which the services are rendered using the input method, determined based the proportion of contract costs incurred for work performed to date over the estimated total contract costs. Transaction price is computed based on the price specified in the contract and adjusted for any variable consideration such as incentives and penalties. Past experience is used to estimate and provide for the variable consideration, using most likely method and revenue is only recognised to the extent that it is highly probable that a significant reversal will not occur.

A receivable is recognised when the services are rendered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due. If the value of services rendered exceed the payment received, a contract asset is recognised. If the payments received exceed the value of services rendered, a contract liability is recognised.

4.13 OTHER OPERATING INCOME

(a) Dividend Income

Dividend income from investment is recognised when the right to receive dividend payment is established.

(b) Interest Income

Interest income is recognised on an accrual basis using the effective interest method.

(c) Rental Income

Rental income is accounted for on a straight-line method over the lease term.

35. OPERATING SEGMENTS

Operating segments are prepared in a manner consistent with the internal reporting provided to the Board of Directors as its chief operating decision maker in order to allocate resources to segments and to assess their performance on a quarterly basis. For management purposes, the Group is organised into business units based on their services provided.

The Group is organised into 2 main reportable segments as follows:-

- Segment 1 - Satellite, mobile and fibre optic telecommunications networks.
- Segment 2 - Power and telecommunication infrastructure works.

The satellite, mobile and fibre optic telecommunications networks and power and telecommunication infrastructure works are managed as 2 different operating segments within the Group. The components in each operating segment are aggregated to form a reportable segment due to the nature and economic characteristics of the products and services which are similar and inter-related.

The Group's and the Company's activities are exposed to a variety of market risk (including foreign currency risk, interest rate risk, equity price risk and price risk), credit risk and liquidity risk. The Group's and the Company's overall financial risk management policy focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's and the Company's financial performance.

37.1 FINANCIAL RISK MANAGEMENT POLICIES

The Group's and the Company's policies in respect of the major areas of treasury activity are as follows:-

(a) Market Risk

(i) Foreign Currency Risk

The Group is exposed to foreign currency risk on transactions and balances that are denominated in currencies other than the respective functional currency of entities within the Group. The currency giving rise to the risk is primarily United States Dollar ("USD"), Singapore Dollar ("SGD") and Chinese Yuan ("CNY"). Foreign currency risk is monitored closely on an ongoing basis to ensure that the exposure is at an acceptable level.

(ii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to interest rate risk arises mainly from long-term borrowings with variable rates. The Group's policy is to obtain the most favourable interest rates available. Any surplus funds of the Group will be placed with licensed financial institutions to generate interest income.

The Group's fixed rate borrowings are carried at amortised cost. Therefore, they are not subject to interest rate risk as in defined MFRS 7 since neither carrying amounts nor the future cash flows will fluctuate because of a change in market interest rates.

(b) Credit Risk

The Group's and the Company's exposure to credit risk, or the risk of counterparties defaulting, arises mainly from trade and other receivables, contract assets and amount owing by subsidiaries. The Group and the Company manages its exposure to credit risk by the application of credit approvals, credit limits and monitoring procedures on an ongoing basis. For other financial assets (including cash and bank balances), the Group and the Company minimises credit risk by dealing exclusively with high credit rating counterparties.

(i) Credit Risk Concentration Profile

The Group's major concentration of credit risk relates to the amounts owing by 4 (2024 - 3) customers which constituted approximately 53% (2024 - 57%) of its trade receivables at the end of the reporting period.

In addition, the Group also determine concentration of credit risk by monitoring the geographical region of its trade receivables and contract assets on an ongoing basis. The credit risk concentration profile of trade receivables and contract assets at the end of the reporting period is as follows:-

	THE GROUP	
	2025 RM	2024 RM
Malaysia	96,753,027	70,129,633
Netherlands	863,774	687,318
Hong Kong	494,696	273,188
Others	7,815	78,399
	98,119,312	71,168,538

(ii) Maximum Exposure to Credit Risk

At the end of the reporting period, the maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the statement of financial position of the Group and of the Company after deducting any allowance for impairment losses (where applicable).

(iii) Assessment of Impairment Losses

The Group has an informal credit policy in place and the exposure to credit risk is monitored on an on-going basis through periodic review of the ageing of the trade receivables. The Group closely monitors the trade receivables' repayment and financial strength to reduce the risk of loss.

At each reporting date, the Group assesses whether any of the financial assets at amortised cost and contract assets are credit impaired.

The gross carrying amounts of financial assets are written off when there is no reasonable expectation of recovery (i.e. the debtor does not have assets or sources of income to generate sufficient cash flows to repay the debt) despite the fact that they are still subject to enforcement activities.

(iii) Assessment of Impairment Losses (Cont'd)

A financial asset is credit impaired when any of following events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred:

- Significant financial difficulty of the receivable;
- A breach of contract, such as a default or past due event;
- Restructuring of a debt in relation to the receivable's financial difficulty; and
- It is becoming probable that the receivable will enter bankruptcy or other financial reorganisation.

Trade Receivables and Contract Assets

The Group considers the probability of default upon initial recognition of asset and applies the simplified approach to measure expected credit losses ("ECL") using lifetime ECL allowance for all trade receivables and contract assets. An impairment analysis is performed at each reporting date using provision matrix to measure ECL for all trade receivables and contract assets.

The Group considers a receivable as being in default requiring individual impairment assessment when the debtor fails to make payment for invoices more than 365 days past due, based on invoice acceptance date by customers, or invoice date (in the event there is no acceptance date). Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Group. Where receivables have been written off, the Group continues to engage enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.

The ECL assessment incorporate historical default experience, customers' financial information, past trends of payments of each customer individually and forward-looking information such as forecast of economic conditions where the gross domestic product is expected to increase/decrease over the next year, leading to change in the number of defaults.

The following are credit risk management practices and quantitative and qualitative information about amounts arising from ECL for trade receivables and contract assets.

(iii) Assessment of Impairment Losses (Cont'd)

Other Receivables

The Group and the Company applies the 3-stage general approach to measuring expected credit losses for its other receivables.

Under this approach, loss allowance is measured on either 12-month expected credit losses or lifetime expected credit losses, by considering the likelihood that the receivable would not be able to repay during the contractual period (probability of default, "PD"), the percentage of contractual cash flows that will not be collected if default happens (loss given default, "LGD") and the outstanding amount that is exposed to default risk (exposure at default, "EAD")

In deriving the PD and LGD, the Group and the Company considers the receivable's past payment status and its financial condition as at the reporting date. The PD is adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the receivable to settle its debts.

Based on the assessment performed, the identified impairment losses were recognised as disclosed in Note 14 to the financial statements.

Cash and Bank Balances

The Group and the Company consider these banks and financial institutions to have low credit risks. In addition, some of the bank balances are insured by government agencies. Therefore, the Group and the Company is of the view that the loss allowance is immaterial and hence, it is not provided for.

Amount Owing By Subsidiaries (Non-trade Balance)

The Company applies the 3-stage general approach to measuring expected credit losses for all inter-company balances. The Company considers loans and advances to subsidiaries to have low credit risks. The Company assumes that there is a significant increase in credit risk when a subsidiary's financial position deteriorates significantly.

The Company measures the expected credit losses on individual basis, which is aligned with its credit risk management practices on the inter-company balances.

For loans and advances that are repayable on demand, impairment loss is assessed based on the assumption that repayment of the outstanding balances is demanded at the reporting date. If the subsidiary does not have sufficient highly liquid resources when the loans and advances are demanded, the Company will consider the expected manner of recovery to measure the impairment loss; the recovery manner could be either through 'repayable over time' or a fire sale of less liquid assets by the subsidiary.

For loans and advances that are not repayable on demand, impairment loss is measured using techniques that are similar for estimating the impairment losses of other receivables as disclosed above.

At the end of the reporting period, there was no indication that the amount owing is not recoverable.

All of the financial guarantee contracts are considered to be performing, have low risks of default and historically there were no instances where these financial guarantee contracts were called upon by the parties for which the financial guarantee contracts were issued to. Accordingly, there is no loss allowance as determined by the Group and the Company for the financial guarantee.

(c) Liquidity Risk

Liquidity risk arises mainly from general funding and business activities. The Group and the Company practise prudent risk management by maintaining sufficient cash balances and the availability of funding through certain committed credit facilities.

38. MATERIAL LITIGATION

Appeal Number.: No.B-04 (IM)(NCVC)-136-04/2025 between Binasat Sdn. Bhd. ("Binasat SB ") and TM Technology Services Sdn. Bhd. ("TMT")

This is an appeal by Binasat SB against the Sessions Court's dismissal of Binasat SB's application to set aside the judgment in default ("JID") obtained by TMT against Binasat SB.

Pursuant to the JID, Binasat SB shall pay TMT the sum of RM873,092 ("Judgment Sum") together with interest at 5% per annum on the Judgment Sum from 12 March 2024 until full settlement, and cost of RM1,306.

The Judgment Sum pertains to TMT's claim against Binasat SB for costs and expenses incurred in repairing the fibre optic cables and duct ways purportedly damaged by Binasat SB.

This appeal was subsequently dismissed by the High Court on 4 March 2025 ("High Court Decision"). Following this, on 26 March 2025, Binasat SB appealed to the Court of Appeal against the High Court Decision ("COA Appeal"). On 2 April 2026, the Court of Appeal has allowed the appeal to set aside the JID. The matter has been remitted to the Petaling Jaya Sessions Court for a full trial. As at the date of these financial statements, the case is pending case management, and no trial date has been fixed.

Summons Number: WA-B53-5-01/2024 between Binasat Sdn. Bhd. ("Binasat SB") and Etagreen Biomas Energy Sdn. Bhd. ("EBE")

EBE filed a writ against Binasat SB to claim for damages to underground fibre optic cable. The claim comprises an uninsured consequential loss of RM187,679 and an insured claim for cable repairs amounting to RM42,755. Sealed judgement on 21 August 2025 concluded RM40,000 as final settlement amount.

Summons Number: PA-A72NCVC-439-07/2024 between Binasat Sdn. Bhd. ("Binasat SB") and TM Technology Services Sdn. Bhd. ("TMT")

TMT filed a writ against Binasat SB to claim for damages to underground cables amounting to RM99,962 for uninsured consequential loss. The trial is scheduled for 21 September 2025 but postponed to 21 September 2026.

Case Number: DA-22C-1-05/2023 between Binasat Digital Sdn. Bhd. ("BDSB") and Kelantan ICT Gateway Sdn. Bhd. ("KIGSB")

On 16 May 2023, BDSB filed a writ against KIGSB for RM1,237,028 in damages, alleging unlawful contract termination. The original trial dates of 9–11 September 2024 were vacated and rescheduled to 23–26 June 2025. However, the Court later informed on 8 January 2025 that the June dates were also vacated. A Case Management was held on 5 February 2025, following the Court directed the parties to file their witness statements by 9 March 2026 and new trial dates have been fixed from 16 March 2026 to 18 March 2026 and will continue on 22 June 2026.

Suit No.: AC-A73-1-01/2026 between TM Technology Services Sdn. Bhd. ("TMT") and Binasat Communications Berhad ("BCB")

A judgment in default was previously entered against the Company for the sum of RM32,127. The Company had subsequently applied to set aside the judgment in default, which was allowed by the Teluk Intan Magistrates Court.

The matter has been fixed for case management on 24 April 2026, for the TMT to reply to the BCB's statement of defence. As at the date of these financial statements, the case is ongoing.

40. CAPITAL MANAGEMENT

The primary objective of the Group's capital management is to ensure that it maintains strong credit rating and healthy capital ratio in order to support its business and maximise shareholder value.

The Group manages its capital structure and make adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies and processes during the financial year ended 31 December 2025 and 31 December 2024.

The Group manages capital using debt-to-equity ratio. The debt-to-equity ratio is calculated as net debts divided by total shareholders' equity. Net debt is calculated as bank borrowings less cash and cash equivalents.

The debt-to-equity ratio of the Group as at the end of the reporting period is as follows:

	2025 RM	2024 RM
THE GROUP		
Borrowings	4,419,376	11,177,920
Less: Cash and cash equivalents	(9,637,212)	(12,366,935)

THAT authority be and is hereby given to the Directors of the Company, to give effect to the Proposed General Mandate with full powers to assent to any conditions, modifications, variations and/or amendments as they may deem fit in the best interest of the Company and/or as may be imposed by the relevant authorities.

NOTICE OF ANNUAL GENERAL MEETING (CONT'D)

THAT the Directors of the Company, be and are hereby authorised to implement, finalise, complete and take all necessary steps and to do all acts (including execute such documents as may be required), deeds and things in relation to the Proposed General Mandate.

THAT such authority shall commence immediately upon the passing of this resolution and continue to be in force until the conclusion of the next Annual General Meeting (“**AGM**”) of the Company.

THAT pursuant to Section 85 of the Act read together with Clause 14 of the Company’s Constitution, approval be and is hereby given to waive the statutory pre-emptive rights of the shareholders of the Company and to offer New Shares arising from the issuance and allotment of the New Shares pursuant to Sections 75 and 76 of the Act, the Constitution of the Company and the approvals from Bursa Securities and any other relevant governmental and/or regulatory authorities, where such approval is required; **AND THAT** such New Shares when allotted shall rank pari passu in all respects with the existing class of ordinary shares.

FURTHER THAT the Board of Directors of the Company is exempted from the obligation to offer such New Shares to the existing shareholders of the Company.”

7. **PROPOSED RENEWAL OF EXISTING SHAREHOLDERS' MANDATE AND PROPOSED NEW SHAREHOLDERS' MANDATE FOR RECURRENT RELATED PARTY TRANSACTIONS OF A REVENUE OR TRADING NATURE (“PROPOSED SHAREHOLDERS' MANDATE”)**

ORDINARY RESOLUTION 7
[Please refer to Explanatory
Note 5]

“**THAT** subject to the provisions of the ACE Market Listing Requirements of Bursa Malaysia Securities Berhad (“**Bursa Securities**”), approval be and is hereby given to the Company and/or its subsidiary(ies) (“**Binasat Group**”) to enter into and give effect to the recurrent related party transactions of a revenue or trading nature with the related parties as set out in Section 2.5 of the Circular to the Shareholders dated 29 April 2026 in relation to the Proposed Shareholders’ Mandate which are necessary for the day-to-day operations of Binasat Group, and are carried out in the ordinary course of business, the transactions are undertaken at an arm’s length basis and are on normal commercial terms which are not more favourable to the related parties than those generally available to third party and on terms not detrimental to the minority shareholders of the Company.

AND THAT such authority shall continue to be in force until:

- (i) the conclusion of the next Annual General Meeting (“**AGM**”) of the Company at which it will lapse unless the authority is renewed by a resolution passed at the next AGM;
- (ii) the expiration of the period within which the next AGM after that date is required by law to be held pursuant to Section 340(2) of the Companies Act 2016 (“**the Act**”) [but must not extend to such extension as may be allowed pursuant to Section 340(4) of the Act]; or
- (iii) revoked or varied by an ordinary resolution passed by the shareholders of the Company at a general meeting,

whichever is earlier.

AND FURTHER THAT the Directors of the Company be and are hereby authorised to complete and do all such acts and things (including, without limitation, to execute all such documents and to assent to any conditions, variations and/or amendments) as they may consider expedient or necessary in the best interest of the Company to give effect to the Proposed Shareholders’ Mandate.”

NOTES

- Subject and without prejudice to any special privileges or restrictions as to voting for the time being attached to any special class of shares for the time being forming part of the capital of the Company, every holder of ordinary or preference shares who is personally present, who is a member or proxy or represented by attorney on a show of hands on any question shall have one vote and upon a poll every such member shall have one vote for every ordinary or preference share held by him. A proxy need not be a member of the Company and there shall be no restriction as to the qualification of the proxy. A proxy appointed to attend and vote at a meeting of the Company shall have the same rights as the member to speak at the meeting. A member may appoint not more than two (2) proxies to attend the same meeting. Where a member appoints two (2) proxies, he shall specify the proportion of his shareholdings to be represented by each proxy.
- Where a member of the Company is an authorised nominee as defined under the Securities Industry (Central Depositories) Act 1991 (“**SICDA**”), it may appoint at least one (1) proxy in respect of each securities account it holds with ordinary shares of the Company standing to the credit of the said securities account.
- Where a member of the Company is an exempt authorised nominee which holds ordinary shares in the Company for multiple beneficial owners in one (1) securities account (“**Omnibus Account**”), there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each Omnibus Account it holds. An exempt authorised nominee refers to an authorised nominee defined under the SICDA which is exempted from compliance with the provisions of subsection 25A(1) of SICDA.
- The instrument appointing a proxy shall be in writing under the hand of the appointor or of his attorney duly authorised in writing (or if such appointor be a corporation, under its common seal or under the hand of an officer or attorney duly authorised or in some other manner approved by Directors). An instrument appointing a proxy to vote at a meeting shall be deemed to include the power to demand or concur in demanding a poll on behalf of the appointor.
- The instrument appointing a proxy must be deposited at the Poll Administrator’s office at **Bina Management (M) Sdn. Bhd., Lot 10, The Highway Centre, Jalan 51/205, 46050 Petaling Jaya, Selangor** or submit via email to agm-support.Binasat@virtualagm.asia not less than forty-eight (48) hours before the time appointed for holding the meeting or any adjournment thereof.
- In respect of deposited securities, only a depositor whose name appears on the Record of Depositors on Tuesday, 23 June, 2026 (General Meeting Record of Depositors) shall be eligible to attend the meeting or appoint proxy(ies) to attend and/or vote on his / her behalf.
- By submitting the duly executed instrument appointing a proxy, a member and his/her proxy consent to the Company (and / or its agents / service providers) collecting, using and disclosing the personal data therein in accordance with the Personal Data Protection Act 2010 for this meeting and any adjournment thereof.

NOTICE OF ANNUAL GENERAL MEETING

(CONT'D)

EXPLANATORY NOTES ON ORDINARY AND SPECIAL BUSINESS:

1.0 AUDITED FINANCIAL STATEMENTS

Agenda item no. 1 is meant for discussion only as the provision of Section 340(1)(a) of the Act does not require a formal approval of shareholders for the Audited Financial Statements. Hence, this item on the Agenda is not put forward for voting.

2.0 ORDINARY RESOLUTION 1 Proposed Payment of Directors' Fee

Pursuant to Section 230(1) of the Act, the Directors' Fees and any benefits payable to the Directors of a listed company and its subsidiaries shall be approved by the shareholders at a general meeting.

There are no benefits payable to Directors. In this respect, shareholders' approval shall be sought at this 9th AGM on the Directors' fees under Ordinary Resolution 1.

The proposed Ordinary Resolution 1 is to facilitate the payment of Directors' fees on a current year basis based on the current board size and the number of scheduled meetings. In the event that the amount proposed is insufficient (due to enlarged Board size and/or additional number of meetings), approval will be sought at the next Annual General Meeting for the shortfall.

3.0 ORDINARY RESOLUTION 2 AND 3 Re-election of Directors

The Board through the Nomination Committee ("**NC**"), has assessed individual Directors for financial year ended 31 December 2025 based on their self/peer assessments and Independent Directors' annual confirmations of independence. Furthermore, the NC has evaluated Encik Zulamran bin Hamat and Teh Li King (referred to as "**retiring Directors**") in terms of their character, experience, integrity, competence and commitment of time to effectively discharge their roles and responsibilities based on the criteria outlined in the Directors' Fit and Proper Policy ("**Fit and Proper Criteria**").

The Board and the NC are satisfied that the retiring Directors meets the Fit and Proper Criteria for re-election to the Board and able to continue to diligently discharge their duties as Directors. The Board recommends that shareholders approve the re-election of the retiring Directors, who have offered themselves for re-election at the 9th AGM. The retiring Directors has abstained from deliberations and decision on their re-election at the relevant meetings of the Board and the NC.

4.0 ORDINARY RESOLUTION 6 Authority to Allot and Issue Shares Pursuant to Sections 75 and 76 of the Companies Act 2016

The Company wishes to renew the mandate on the authority to issue shares pursuant to Sections 75 and 76 of the Companies Act 2016 at the 9th AGM of the Company.

The Company had been granted a general mandate by its shareholders at the 8th AGM of the Company on 20 June 2025 ("**Previous Mandate**"). The previous mandate granted by the shareholders had not been utilized and hence, no proceed was raised therefrom.

NOTICE OF ANNUAL GENERAL MEETING (CONT'D)

The proposed Ordinary Resolution 6, if passed, is a renewal general mandate to empower the Directors of the Company to issue and allot shares up to an amount not exceeding 10% of the total number of issued shares of the Company for the time being subject to the approvals of all the relevant governmental and/or other regulatory bodies and for such purposes as the Directors consider would be in the best interest of the Company.

The 10% General Mandate will provide flexibility to the Company for any possible fund-raising activities, including but not limited to further placing of shares, repayment of bank borrowing(s), if any, for purpose of funding future investment project(s), working capital and / or acquisitions. The 10% General Mandate, unless revoked or varied by the Company in a general meeting, will expire at the conclusion of the next AGM.

The approval of the issuance and allotment of the new shares under Sections 75 and 76 of the Companies Act 2016 shall have the effect of the shareholders having agreed to irrevocably waive their statutory pre-emptive rights pursuant to Section 85 of the Act and Clause 14 of the Constitution of the Company, pertaining to the issuance and allotment of new shares under Sections 75 and 76 of the Companies Act 2016, which will result in a dilution to their shareholding percentage in the Company.

5.0 ORDINARY RESOLUTION 7

Proposed Renewal of Existing Shareholders' Mandate and Proposed New Shareholders' Mandate for Recurrent Related Party Transactions of a Revenue or Trading Nature ("Proposed Shareholders' Mandate")

The proposed Ordinary Resolution 7, if passed, will allow the Company and / or its subsidiary(ies) ("**Binasat Group**") to enter into the Recurrent Related Party Transactions of a Revenue and / or Trading Nature in the ordinary course of its business, which is necessary for the Binasat Group's day-to-day operations with the related parties as set out in the Circular to Shareholders dated 29 April, 2026.

Please refer to the Circular to Shareholders dated 29 April, 2026 for further details.
